HERITAGE
Moody is driven by the belief that people committed to living and declaring the Word of God can actually change the world. Since our founding by D.L. Moody in 1886, Moody has been committed to equipping people across the globe, cultures and generations to take the next step toward spiritual maturity.

For more than 125 years, people have come to Moody to be richly equipped in God's Word to impact the world for Christ. Generations of Christ-followers at Moody have committed themselves to studying the Bible and compassionately sharing it with the world.

Dwight L. Moody, Founder
D.L. Moody arrived in Chicago in 1856 with dreams of making a fortune in the shoe business. Deeply burdened by the city's poor, uneducated children, Moody's mission quickly shifted to teaching them the Bible. Emma Dryer, a college professor and Bible teacher, encouraged Moody to start a Bible training school in Chicago.

D.L. Moody's passion for honoring God's call on his life and his heart for serving others is the foundation for each of Moody's ministries. From its beginnings and through today, Moody has followed the example of its founder to be a practical, compassionate pioneer in training a multicultural, multi-generational worldwide network of influencers to impact the world for Christ.

STATEMENT OF FAITH

Throughout its history Moody has without qualification held to the essentials of biblical orthodoxy. In addition, it has defined itself in other distinct ways in terms of more specific interpretations of Scripture. Moody’s doctrinal statement was adopted by the Board of Trustees in 1928 to reflect the historic doctrinal position of Moody. In May 2000 the trustees also approved an additional statement, Institutional Positions Related to the Moody Bible Institute Doctrinal Statement (1928), to clarify and make explicit the doctrinal positions of Moody. While Moody’s particular definitions are important to its position, it is readily recognized that they do not define orthodoxy for the whole body of Christ. Moody gladly embraces all who faithfully adhere to the essentials of biblical Christianity as fellow believers and colleagues in Christ’s cause.

Whereas biblical Christianity is defined by the central tenets of the faith, throughout the history of the church various groups have employed more specific definitions to define themselves. Historically, Moody has maintained positions that have identified it as noncharismatic, dispensational, and generally Calvinistic. To maintain continuity and consistency with the heritage entrusted to its care, Moody expects faculty and administration to agree with, personally adhere to, and support Moody’s distinctive doctrines as set forth in the following:

Doctrinal Statement

**Article I:** God is triune, one Being eternally existing in three co-equal Persons: Father, Son, and Holy Spirit; these divine Persons, together possessing the same eternal perfections, work inseparably and harmoniously in creating, sustaining, and redeeming the world (Genesis 1; John 1:1-3; Hebrews 1:1-3; Deuteronomy 6:4; Ephesians 4:4-6; Acts 5:3-4; I Corinthians 8:6; I Timothy 2:5; John 14:9-10, 26; Matthew 28:18-19; 2 Corinthians 13:14; Revelation 4:11).

**Article II:** The Bible, including both the Old and New Testaments, is a divine revelation, the original autographs of which were verbally inspired by the Holy Spirit1 (2 Timothy 3:16; 2 Peter 1:21).

**Article III:** Jesus Christ is the image of the invisible God, which is to say, He is Himself very God; He took upon Him our nature, being conceived by the Holy Spirit and born of the Virgin Mary;2 He died upon the cross as a substitutionary sacrifice for the sin of the world;3 He arose from the dead in the body in which He was crucified; He ascended into heaven in that body glorified, where He is now our interceding High Priest; He will come again personally and visibly to set up His kingdom4 and to judge the quick and the dead (Colossians 1:15; Philippians 2:5-8; Matthew 1:18–25; 1 Peter 2:24–25; Luke 24; Hebrews 4:14–16; Acts 1:9–11; 1 Thessalonians 4:16–18; Matthew 25:31–46; Revelation 11:15–17; 20:4–6, 11–15).

**Article IV:** Man was created5 in the image of God but fell into sin, and, in that sense, is lost; this is true of all men, and except a man be born again he cannot see the kingdom of God; salvation is by grace through faith in Christ who His own self bare our sins in His own body on the tree; the retribution of the wicked and unbelieving and the reward of the righteous are everlasting; and as the reward is conscious, so is the retribution6 (Genesis 1:26–27; Romans 3:10, 23; John 3:3; Acts 13:38–39; 4:12; John 3:16; Matthew 25:46; 2 Corinthians 5:1; 2 Thessalonians 1:7–10).

**Article V:** The church7 is an elect company of believers baptized by the Holy Spirit into one body; its mission is to witness concerning its Head, Jesus Christ, preaching the gospel among all nations; it will be caught up to meet the Lord in the air ere He appears to set up His kingdom8 (Acts 2:41; 15:13–17; Ephesians 1:3–6; 1 Corinthians 12:12–13; Matthew 28:19–20; Acts 1:6–8; 1 Thessalonians 4:16–18).

(Adopted at the annual meeting of the Board of Trustees, October 1928. Article I was revised and approved by the Board of Trustees at their meeting held on October 24, 2017.)

1 The Bible is without error in all it affirms in the original autographs and is the only authoritative guide for faith and practice and as such must not be supplanted by any other fields of human learning.
2 Jesus Christ, the only begotten Son of God, is fully God and fully man possessing both deity and humanity united in one person, without division of the person or confusion of the two natures.
3 An individual receives the benefit of Christ’s substitutionary death by faith as the result of responding to the message of the gospel. Salvation is the free gift of God’s grace through faith alone, therefore not dependent upon church membership, intermediaries, sacraments, or works of righteousness to attain or sustain it.
4 It is Moody’s position that this refers to the premillennial return of Christ at which time He will set up His millennial reign during which time He will fulfill His promises to Israel.
5 This affirms that the first human beings were special and unique creations by God as contrasted to being derived from any preexisting life-forms. Further, God created everything, after its kind, which excludes any position that allows for any evolutionary process between kinds.
6 This statement excludes any position that asserts a temporary or complete cessation of consciousness, or merging with eternal oneness, or annihilation of the damned, or a “second chance” or a period of suffering or purification in preparation for entrance into the presence of God.
7 The church of Jesus Christ is a distinct entity from Israel in the ongoing program of God. Further, this universal church consists of all who possess saving faith in the death and resurrection of Jesus Christ from Pentecost to the Rapture of the Church and that will represent every language, people, and nation.
8 Christ will return in the air preceding the seven-year Tribulation at which time He will receive into heaven all believers who constitute His church. During that Tribulation period, God will bring salvation to Israel and the nations while exercising judgment on unbelievers.
Institutional Positions Related to the Moody Bible Institute Doctrinal Statement

In addition to the distinctive elements derived from a historic understanding of the 1928 Doctrinal Statement, Moody has historically been identified with the positions outlined below. Although trustees, education administrators, and faculty are expected to hold these positions, we recognize that we serve and minister with others whose traditions differ on these subjects.

Gender Roles in Ministry
Moody values the worth and dignity of all persons without distinction as created in God’s image. We affirm the priesthood of all believers and the responsibility of every Christian woman and man to take an active role in edifying the church. For that purpose, the Holy Spirit distributes ministry gifts to believers without distinction of any kind. That reality imposes the responsibility on every believer to fulfill ministry consistent with God’s grace.

Moody distinguishes between ministry function and church office. While upholding the necessity of mutual respect and affirmation as those subject to the Word of God, Moody understands that the biblical office of elder/pastor in the early church was gender specific. Therefore, it maintains that it is consistent with that understanding of Scripture that those church offices should be limited to the male gender.

Sign Gifts of the Holy Spirit
Moody maintains that there is one baptism of the Holy Spirit that occurs at the time a person is born again, placing that one into the body of Christ. Moody also distinguishes between spiritual gifts distributed to believers to equip them for ministry and the “sign gifts,” which are understood to have been manifestations of the Holy Spirit to authenticate the messenger and the gospel message during the foundational period of the church. Therefore, Moody holds that “sign gifts” are not normative for the church today. While this institutional position is not and must not be a test of fellowship with those whose traditions differ, members of this community will neither practice nor propagate practices at variance with Moody’s position.

Human Sexuality
Our foundation for understanding human sexuality is rooted in our commitment to the Bible as the only authoritative guide for faith and practice. The first two chapters of Genesis constitute the paradigm and prerequisite of God’s enduring creative intent for human personhood, gender and sexual identity, and sexual intimacy in marriage.¹

Moody Bible Institute believes that humanity came from the hand of God with only two sexual distinctions—male and female—both in the image of God, and emerging from one flesh with the unique physical capacity to reunite as one flesh in complementarity within a marriage. God's creation design and intent for marriage as expressed in Genesis 2 is therefore exclusively between one man and one woman. Marriage alludes to the love of Christ for His Bride, the Church.² Within this monogamous context, intended to be lifelong, sexual intimacy is a glorious blessing from God.

We affirm the worth and relevance of human gender and sexuality, and of sexual intimacy as a distinctive of marriage. Based on Scripture,³ non-marital sex, homosexual sex, same-sex romantic relationships, and gender identification incongruent with one’s birth-sex all violate God’s generous intention for human relationships. Such practices misrepresent the nature of God Himself, and therefore are sinful under any circumstance. In God’s standards, we find merciful restraint on our fallenness. Concerns about sexuality and gender may be difficult to disclose, but suffering in silence is a far greater challenge. Moody Bible Institute believes that people are best supported if we are able to share our questions, struggles, or our self-understanding with trusted others.

God’s love and concern for all of humanity compelled Him to offer His Son as a ransom for our lives and we consider His biblically recorded and specifically defined guidelines for sexual practice to be enduring expressions of His love and protection of our human identity.⁴ We therefore willingly submit ourselves to these biblical mandates in light of our call to holiness and to self-surrender. Members of our community will neither practice nor propagate positions or activities at variance with Moody’s position.

Chicago Statement on Biblical Inerrancy
During their regular quarterly meeting late February 2018, the Board of Trustees adopted the Short Statement of the 1978 Chicago Statement on Biblical Inerrancy, as well as its Articles of Affirmation and Denial. Drafted by the International Council on Biblical Inerrancy and signed by nearly 300 noted evangelicals, this statement has been a helpful reference in the Church’s defense of and teaching on inspiration and inerrancy of God’s Word.

The trustees’ decision to adopt the Chicago Statement began with contracts being offered to faculty returning for the 2018–2019 academic year. Please note that those who desire to study at Moody and serve in non-faculty positions will continue to only be required to affirm our doctrinal statement.

Moody’s Article II and positional statement on the inspiration and inerrancy of the Bible are continuing to provide a solid foundation for equipping men and women in the Word of God, and we are grateful to our faculty for their dedication to upholding biblical truth. The adoption of the Chicago Statement further affirms Moody’s established commitment to our historic position on inerrancy. This action also reassures those who are being equipped through our education and media ministries, as well as those who partner with us.

Doctrinal Qualifications for Students

To maintain continuity and consistency with the heritage entrusted to its care, Moody requires its faculty and administration to agree with, personally adhere to, and support all the school’s distinctive doctrines. These identify what is believed and taught in our classes. However, the school also recognizes that its specific theological positions do not define orthodoxy for the whole body of Christ. For this reason, Moody accepts students from other theological traditions within conservative evangelicalism. However, to be admitted and to graduate, students must personally adhere to and support the following doctrinal positions:

- The inspiration, authority, and inerrancy of Scripture,
- The Trinity,
- The full deity and full humanity of Christ,
- The creation of the human race in the image of God,
- The spiritual lostness of the human race,
- The substitutionary atonement and bodily resurrection of Christ,
- Salvation by grace through faith alone in Christ alone,
- The physical and imminent return of Christ, and
- The eternal reward of the righteous and the eternal judgment of the lost

THE SCHOOLS OF MOODY

Introduction

Moody includes three schools: Moody Bible Institute, Moody Theological Seminary and Graduate School, and Moody Bible Institute Distance Learning. The vice president and dean of each school reports to the provost and administers the school through program heads and faculty. The vice president and dean of each school has overall responsibility for the programs and degrees offered through the school over which they reside.

Students of Moody have the opportunity to study the Word of God through several different locations and venues. Our main Chicago campus provides a traditional classroom setting in an urban environment for students in undergraduate and graduate programs and degrees. An intimate classroom setting in Spokane, Washington is available to undergraduate students in the Missionary Aviation Technology degree program. The branch campus in Michigan is available for graduate students, giving them access to three diverse areas surrounding Plymouth. Those who are “rooted learners” can choose classes offered via distance learning venues toward undergraduate and graduate programs and degrees.

Competent Moody-trained men and women are found in every field of Christian activity. In just a few years, students who are now sitting in classes will be on every continent of the globe, taking the good news of salvation to those who have never heard it. Others will be pastors serving active, growing churches in many denominations in the United States. Some will become home missionaries, church musicians, evangelists, choir directors, child evangelism directors, mission superintendents, youth ministers, or Christian communications specialists, or be involved in one of many other vocational ministries.

Moody Bible Institute

Chicago, Illinois

Moody Bible Institute is strategically located at the “crossroads of America,” and the school gives students many unusual advantages. Perhaps no other city in the world offers a better clinic for observation and experience in all phases of Christian work than Chicago. The city’s lakefront cultural center is a short distance from Moody. For students who must work to help finance their training, there are opportunities for employment within Moody as well as in the industries that have made Chicago a world business center.

Moody Aviation—Spokane, Washington

Moody Aviation in Spokane is located in the heart of the Pacific Northwest region. The second largest city in Washington, with the amenities of a big city and the feel of a small town, Spokane is easy to navigate and provides convenient housing options. Moody Aviation students can secure employment at local grocery stores, coffee shops, or businesses. With the foothills of the Rocky Mountains rising to the east, outdoor activities such as biking, rock climbing, hiking, hunting, and skiing are just a short drive from campus, allowing students to enjoy incredible day trips.

Moody Theological Seminary and Graduate School

Chicago, Illinois

Moody Theological Seminary and Graduate School’s Chicago campus is located in the heart of the city, offering to students hundreds of ministry opportunities in rescue missions, prisons, children’s programs, retirement homes and in diverse urban and ethnic settings. This seminary campus shares more than twenty-four acres in Chicago’s Near North community with the Moody campus. It is within walking distance of the famous Magnificent Mile, the shores of scenic Lake Michigan and inner-city neighborhoods.

Plymouth, Michigan

Moody Theological Seminary and Graduate School’s Michigan campus is conveniently located, with access to the intimate community of Plymouth, the urban center of Detroit, and the bustling college town of Ann Arbor, all of which afford myriad opportunities for ministry. This campus has taken great strides to accommodate students who have family or full-time work obligations by providing evening classes and academic tracks that consider realistic schedules outside of the classroom. Because of this, Michigan campus classes are inherently diverse, attracting students with various backgrounds, ages and levels of training, providing a rich and interactive learning experience.

Moody Bible Institute Distance Learning

Online and Independent Studies

Moody Bible Institute Distance Learning offers online and independent study venues for those considered rooted learners who desire distance education. Flexible and convenient online courses allow students to study at Moody, joining thousands of others around the globe seeking a trusted Bible education within a diverse biblical community. Independent studies allow students to take courses on their own time and at their own pace either online or via correspondence. These courses are available anytime and do not operate on the traditional semester format. These venues allow students in various locales around the United States to be better equipped to advance the cause of Christ.
EDUCATIONAL PHILOSOPHY

The educational philosophy of Moody is rooted in the conviction that the Bible in its original manuscripts is the verbally inspired, inerrant, and authoritative Word of God. Consequently, a study of the Bible constitutes the most significant discipline for any person. This concept is reflected in Moody’s verse: “Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth” (2 Timothy 2:15 KJV).

Educational Values

In keeping with the mission statement and philosophy of Moody, the following values provide a framework for the student educational experience and a basis for assessing student progress.

Christian Life and Character

This value emphasizes the need for students to develop a proper relationship and commitment to Jesus Christ through knowledge of the Scriptures, through spiritual discipline and obedience, and through the cultivation of a maturing Christian lifestyle and worldview. Such growth, maturity, and character formation for students encompasses all aspects of life, including the intellectual, social, and physical habits of fitness and well-being.

Biblical and Theological Literacy

This value emphasizes the educational importance of a foundational knowledge of Bible and theology as well as the methodology and skills for thoughtful analysis, interpretation, and application of Scripture. This value also presupposes the thoughtful defense of the Christian faith and the personal application of the Bible to the students’ personal lives and to vocational and avocational calls and commitments.

Christian Life and Worldview

This value stresses the educational importance of the thoughtful integration of biblical truth by students into the totality of life experience and learning. Thus, biblical truth is not only a part but also a condition of general knowledge. Students are encouraged to harmonize faith and learning systematically and to develop a coherent view of contemporary issues from a biblical perspective.

Ministry and Vocational Skills

This value stresses the importance for students to understand the call, requirements, and needed skills for effective vocational ministry through study in organized fields of learning, practical experience, and Christian service. This value presupposes the vocational and avocational application of the students’ classroom experience and training in ministries of education, edification, and evangelization through the church. Likewise, this value anticipates a commitment to vocational currency, continuing education, and lifelong learning.

Analytical and Creative Thinking

This value affirms the need for students to develop skills in critical and analytical thinking and to value the unity of truth. This value also presupposes the development of problem solving techniques, research methodology, and ways of expressing ideas clearly, logically, thoughtfully, and persuasively through aesthetic as well as oral and written forms.

Personal and Group Relationships

This value emphasizes the need for students to grow in relational understanding with others based on biblical patterns and to become responsible, compassionate, and productive participants within the body of Christ. This value presupposes service to society, family, and the church through personal example, leadership, and organizational skills.

Social and Cultural Sensitivity

This value accentuates the need for students to foster an understanding of both national and international cultures and to develop an appreciation for the richness and interdependence of multicultural communities. This anticipates a respect by students for the dignity of each person as a unique image-bearer of God. Furthermore, this value focuses on the need for students to be socially, aesthetically, and politically sensitive and to reflect the attributes of responsible citizenship.

ESSENTIAL ELEMENTS

As the central integrating factor of the total curriculum of Moody, the Bible grants us a unique perspective on four key elements in the teaching-learning process: the curricular content, the social and cultural context, the maturing learner, and the godly teacher.

Moody Bible Institute Essential Elements

Curricular Content

All truth, ultimately, is related to and unified by the revealed Word. Therefore, the educational program of the Moody Bible Institute is built upon a biblical and theological core curriculum. All subject areas of the curriculum, as well as the goals and values communicated in the co-curricular programs, are guided and informed by the teachings of the Bible. Philosophically, we are committed to an educational approach that values human learning while submitting that learning quest to the authority of the Bible.

Social/Cultural Context

We are committed to an educational approach that is culturally relevant and socially aware. We do not isolate or insulate students from contact with the world around them. Instead, the educational program is built on the philosophy of education that engages students in culture and society. Moody’s undergraduate degrees are practical in nature and exist to equip students to impact their world for Christ. This occurs through the communication of the gospel and through Christian service. Education at Moody demands experience and training in the real world as well as the classroom; therefore, all degrees require an extensive experiential component.
Learner Maturity

Education is the encouragement of a maturing process. Teachers are not only to communicate subject matter but also to equip students to think critically and creatively about the subject under consideration. Education at Moody promotes increasingly greater responsibility on the part of the students for their learning. We recognize that students will not be under our instruction indefinitely. Therefore, an undergraduate education is designed to develop mature learners who are able to continue their development after graduation (Colossians 1:28–29).

Godly Teachers

Jesus said, “A student is not above his teacher, but everyone who is fully trained will be like his teacher” (Luke 6:40 NIV). We see teachers as an essential component in the educational process. Teachers impact lives. Therefore, the life and character of teachers are as important as their knowledge and pedagogical skill. The role of teachers is to provide direction and structure to the educational endeavor as they communicate their subject. Teachers exist not only to communicate subject matter but also to equip students to think critically and creatively about the subject under consideration.

Moody Theological Seminary and Graduate School Essential Elements

Delivering a unique blend of practical Christian training and sound biblical scholarship requires that we value and employ the following:

The Scholarship of Biblical Discovery

This is exegetical research that engages the biblical text in order to state new paradigms supported by biblical exegesis while engaging with contrary and complementary critical scholarship (Study the Word).

The Scholarship of Engagement

Also known as applied biblical research, this engagement takes a specific biblical/theological discovery and shows its application in life in varied settings (Study/Live the Word).

The Scholarship of Biblical Integration

Utilizing reflective observation of basic/applied biblical research, this discipline brings together two or more areas of biblical discovery in a creative synthesis (Study/Live the Word).

The Scholarship of Teaching and Preaching

This discipline builds on the first three scholarships in order to communicate and impart skills in a format that can be acquired, integrated, and applied within specific audiences (Teach the Word).

Most seminaries focus on one or two characteristics for their students. Moody Theological Seminary and Graduate School seeks to produce balanced and exceptional leaders in all four vital areas of Discovery, Integration, Engagement, and Teaching. Students come to Moody Theological Seminary and Graduate School and discover scholarship that not only transforms but produces leaders who can integrate the balance of skills necessary to make them truly exceptional.

Assessment of Educational Effectiveness
Moody evaluates its educational effectiveness by measuring students’ attainment of learning outcomes in programs and degrees, while conducting periodic reviews using course evaluations and surveys. Students are expected to participate in these surveys and other institutional assessment activities so that Moody can maintain and improve its effectiveness.

STUDENT STATUS DESCRIPTIONS

Admitted
Students who have met all of the entrance requirements are given admitted classification.

Non-Degree
Students who wish to take courses, but do not intend to seek a degree at Moody, may study as a non-degree student. Students may take up to 18 credits as an undergraduate non-degree student and up to 12 credits as a graduate non-degree student. Students who wish to continue studies beyond this point must apply to a certificate or degree program.

Students who want to take classes for personal enrichment can take up to a maximum of 12 credits. If, at a later date, a student enrolls as a certificate or degree-seeking student, credit will not be extended for any audited course. Repeated courses will incur all expenses as outlined in the financial section of this catalog. Online courses cannot be taken for audit.

Readmission
Students who discontinue their status at Moody or have been released for academic or non-academic reasons must apply for readmission through the Office of Admissions. Students who have attended other colleges since leaving Moody must provide a transcript of all courses taken while at those schools. The transcript will be part of the readmission process. Transcripts for coursework currently in progress should be sent to the Office of Admissions upon completion. Students who left Moody for financial reasons must pay off all outstanding bills before they will be considered for readmission. Students must have maintained a consistent Christian walk since leaving Moody and desire to re-enroll as a certificate or degree-seeking student in a specific program. Readmission of former students is not guaranteed. Academically dismissed students who are applying for readmission will be reviewed on a case-by-case basis. Students who are readmitted will be subject to the catalog requirements in effect at the time of readmission, unless approved for program completion (see Academic Policies).

No applicant can be admitted who has not been approved by the Admissions Committee and received an official notice from the Office of Admissions.
Admission decisions are based on an evaluation of all required materials submitted in support of the application. Applicants who wish to be considered must submit the following items to the Office of Admissions by the appropriate application deadline of the respective program, degree, and/or semester:

- Completed application for admission
- Nonrefundable application fee
- Signed agreement to Moody’s Doctrinal Statement
- Unofficial transcript from high school or secondary school will be acceptable, if currently attending high school
- Official transcript from high school or secondary school (undergraduate applicants only) will be required prior to enrollment
- Official transcripts from all post-secondary schools attended (undergraduate and graduate applicants)
- TOEFL or IELTS scores (international applicants only)
- Official evaluation of all international transcripts
- Pastor’s reference

**GENERAL ADMISSION REQUIREMENTS FOR UNDERGRADUATE APPLICANTS**

Moody uses a selective process for admission. Applications from prospective students of diverse ethnicity, interests, and special abilities are welcomed by Moody and each application is evaluated on its own merits. Through this process, the spiritual qualifications and scholastic ability of applicants are considered in relation to other applicants in an attempt to admit those with the strongest references, academic credentials, evangelistic zeal, and motivation for Christian ministry. Applicants should possess qualities that would make them a desirable member of Moody’s family.

**Academic Requirements**

Moody does not impose specific secondary course requirements for admission. However, most applicants will have successfully completed the more challenging programs of study available in their high schools, which should include English grammar, composition, and a total of at least 12 units of academic subjects. Health, physical education, choir, band, driver’s education, or vocational courses are not considered academic subjects. Computer literacy skills are expected for students admitted into Moody.

A minimum of a 2.00 cumulative grade point average of academic courses is required of all applicants; meeting this requirement does not guarantee admission to Moody. Transcripts verifying the applicant’s high school graduation and all completed college-level coursework must be in the student’s file at the time of enrollment.

**Courses for High School Students**

High school juniors or seniors may take up to 18 credits of distance learning undergraduate courses for college credit as a non-degree student. These courses may meet Christian high school Bible requirements. These courses also provide a foundational program of study for Christian students who will be attending a secular college or university. Credits earned are applicable to current Moody Bible Institute Distance Learning academic programs. Credits earned may also be transferable to another college. For further information, call (800) 588-8344.

**General Educational Development**

Candidates who opted to take the GED diploma must submit an official copy of their score results with all other required application materials. A photocopy of a high school diploma certificate is not sufficient for our evaluation. Admission is not guaranteed by meeting the minimum requirements but also depends upon the strength of other qualifications in relation to other applicants.

**Homeschooled Applicants**

Moody recognizes home schooling as a viable educational alternative and welcomes applications from qualified homeschooled students who desire to pursue training for full-time Christian ministry. In recent years, many such students have enrolled in the undergraduate program. In the assessment of homeschooled candidates, Moody looks for the same scholastic and spiritual qualifications sought in any applicant. Applicants must submit an official transcript with letter grades or an official General Educational Development test score, as well as ACT or SAT scores for evaluation. Verification that the homeschool has met the applicant’s home state requirements will be necessary.

Generally, applicants must be recognized as high school graduates. A minimum of 12 units of academic subjects must be completed by the time of application. ACT and/or SAT scores will play an important role in the admission evaluation process. Therefore, applicants must take either exam in sufficient time for Moody to receive the score results by the application deadlines.

**International Student Applicants**

Moody welcomes the presence of qualified students from countries outside the United States and believes that such individuals enhance the cultural, intellectual, and spiritual atmosphere of Moody by adding diversity of experiences and perspectives.

All international applicants must be able to read, write, speak, and understand the English language with a high degree of proficiency. Academic success for students at Moody will depend on the level of fluency in English. Therefore, all applicants must take the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) and have the scores submitted directly to the Office of Admissions. Undergraduate applicants must earn a minimum TOEFL score of 550 on paper-based tests, 213 on computer-based tests, or 79 on internet-based tests. Undergraduate applicants must earn a minimum IELTS score of 6.5. Graduate applicants must earn a minimum score of 575 on paper-based tests, 233 on computer-based tests, 85 on internet-based tests, or a minimum IELTS score of 6.5. Applicants who do not meet a minimum English proficiency requirement will not be admitted.
Exceptions to the required TOEFL or IELTS test scores will be made in the following two instances only: (1) the applicant is a citizen of Australia, the British West Indies, Canada, Great Britain, or New Zealand and is a native speaker of the English language in these countries; or (2) the applicant has been admitted to and studied at an accredited educational institution in one of the countries mentioned above or in the United States for one year within the past two years at the time of application and has a good academic record at the school(s) attended. Graduate applicants must have earned an accredited post-secondary degree. Applicants should be aware that several attempts may be necessary before the minimum score is achieved. Furthermore, the tests are offered only at certain times during the year. Go to TOEFL at toefl.org (school code: 1486) or IELTS at ielts.org.

International students will be required to have all documents and records evaluated by World Education Services (wes.org) or (212) 966-6311) or Education Credential Evaluators (ece.org or (414) 289-3400) or any current member of the National Association of Credential Evaluation Services. A list of members may be found at naces.org/members.html. The evaluation must include a grade point average for a high school transcript and a course by course evaluation for a college transcript. Applicants are responsible for paying the evaluation fee.

Transfer Student Applicants
Each year a number of transfer students with at least one semester of college (12 college credits) after graduation from high school completed at the time of application enroll at Moody. Transfer applicants are required to have a 2.00 or better cumulative college grade point average. To be considered for admission, transfer applicants must meet all general entrance requirements, in addition to being in good standing and eligible to return to the most recently attended educational institution (without being on any form of probation). Applicants must request that official transcripts be sent to the Office of Admissions from all colleges previously attended. Applicants must also request their secondary school to send an official transcript of courses, including a statement of graduation, unless a bachelor degree has already been earned. Final transcripts of all college work must be in the student’s file prior to enrollment at Moody. Moody does not grant academic credit for non-academic prior experience.

Credits from regionally accredited colleges, members of the Commission on Accreditation of the Association for Biblical Higher Education (ABHE), members of the Transnational Association of Christian Colleges and Schools (TRACS), or members of the European Evangelical Accrediting Association will be evaluated according to the Academic Credit Policies. Upon matriculation, an official evaluation of all transfer credits will determine each student’s projected graduation date.

Students who already possess a bachelor degree in another field but desire to gain training in Bible and theology are encouraged to consider Moody Theological Seminary and Graduate School or one of the graduate programs of Moody Bible Institute Distance Learning. Moody does not apply credit used to fulfill the requirements of a degree program toward the completion of a second, equivalent-level degree at Moody. Please contact the Office of Admissions for more information.

Non-Academic Requirements
Candidates for admission are required to give evidence of proven Christian character and acceptance of the Lord Jesus Christ as personal Savior at least one year prior to application. The candidate must maintain a lifestyle consistent with biblical standards that mark itself by a daily walk with Christ, a consistent prayer life, and strong character traits. A life of discipline, evidence of emotional maturity, developed social skills that allow for friendships, Christian identity, and positive influence with peers are also strongly weighed in the evaluation process.

Applicants must be in agreement with, personally adhere to, and support Moody’s Doctrinal Statement. By completing and signing the application, the applicant promises to respect and adhere to the standards of Moody. Since Moody is an interdenominational school, the applicant agrees not to teach his or her own special views of doctrine or practice, nor to press them on fellow students.

Abstinence from the use of tobacco, alcohol, illegal drugs, and from sexual promiscuity for at least one year prior to application is also required. In addition, the applicant must verify active participation in regular worship attendance and church ministry opportunities at an evangelical Protestant church. A positive recommendation from the pastoral leadership of the church is required. All character references will be thoroughly evaluated to establish the spiritual qualifications of prospective students.

Marriage and Divorce
Persons who have been divorced, married to a spouse previously divorced, or currently separated will be considered for admission on a case-by-case basis. Please carefully follow the instructions provided on the application regarding this additional information needed by the Admissions Committee.

Change of Program
Matriculated students who want to change from one academic program to another should contact the Office of Academic Records (see Academic Policies).

Students enrolled at Moody Bible Institute Distance Learning who are requesting a change to the Chicago campus must apply through the Office of Admissions. Non-degree students must apply through the Office of Admissions to be admitted into a certificate or degree program.
GENERAL ADMISSION REQUIREMENTS FOR GRADUATE APPLICANTS

Graduate students admitted to Moody Bible Institute Distance Learning are chosen on the basis of spirituality, ministry zeal, character references, and scholastic ability. Applicants should possess qualities that give evidence of usefulness in the Lord’s service that will make them desirable members of Moody’s family. All applicants are evaluated for admission on the basis of the following four criteria: all academic records of post-secondary work, personal ministry history, character references, and statement of purpose for applying to the program.

Academic Requirements
A bachelor degree from an accredited college or university is required. Graduate applicants must provide transcripts verifying a 2.50 grade point average on a scale of 4.00.

Non-Bachelors Admissions
A limited number of applicants without an accredited bachelor degree may be admitted to graduate programs with approval from the Admissions Committee. Applicants will be required to complete additional requirements for admission as evidence of their extensive ministry experience and to demonstrate academic ability at a graduate level. Applicants who desire to be considered for admission may contact the Office of Admissions for further information.

International Student Applicants
Moody welcomes the presence of qualified students from countries outside the United States and believes that such individuals enhance the cultural, intellectual, and spiritual atmosphere of Moody by adding a diversity of experiences and perspectives. International students who wish to come and study with F-1 status as a full-time student cannot pursue the non-degree program.

International applicants should consult the nearest American consul or embassy regarding study in the United States. All international applicants must be able to read, write, speak, and understand the English language with a high degree of proficiency. Academic success at Moody will depend on the student’s level of fluency in English. Therefore, all applicants coming from non-English-speaking countries or where English is not the primary language must take the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) and have the scores submitted directly to the Office of Admissions. Applicants must earn a minimum score of 575 on paper-based tests, 233 on computer-based tests, 85 on internet-based tests, or a minimum IELTS score of 6.5. Applicants who do not meet a minimum English proficiency requirement will not be admitted.

Exceptions to the required TOEFL or IELTS test scores will be made in the following two instances only; (1) the applicant is a citizen of Australia, the British West Indies, Canada, Great Britain, or New Zealand and is a native speaker of the English language in these countries; or (2) the applicant has been admitted to and studied at an accredited educational institution in one of the countries mentioned above or in the United States within the past two years and has earned an accredited post-secondary degree. Applicants should be aware that several attempts may be necessary before the minimum score is achieved. Furthermore, the tests are offered only at certain times during the year. For more information on test dates and testing sites, go to toefl.org (school code: 1486) or IELTS at ielts.org.

International students will be required to have all documents and records evaluated by World Education Services (wes.org or (212) 966-6311) or Education Credential Evaluators (ece.org or (414) 289-3400) or any current member of the National Association of Credential Evaluation Services. A list of members may be found at naces.org/members.html. The evaluation must include a grade point average and a course by course evaluation. Applicants will be notified if this requirement is applicable and are responsible for paying the evaluation fee.

Payment Policies
In order to receive access to a course, students must pay the balance in full according to the following policies. Students with past due balances will not be allowed to enroll in future terms, receive transcripts, grades, or their official printed diplomas. Students must check their Moody email address and student portal regularly to receive pertinent account information.

Payments
1. Balances are due in full one week before online, extension sites, or self-paced courses begin, unless other payment arrangements have been made (i.e. payment plan, employment vouchers, etc.). Payments for Independent Study courses are due at the time of registration. Contact studentbookkeeping@moody.edu with any questions regarding amount due.

2. The Moody Payment Plan is available for eligible students. Fees may apply. Information on this plan is available by calling (800) 609-8056 or (312) 329-4223. You may sign up for the plan by logging into your my.moody.edu student portal. In the Student Center tab, scroll down to the “Finances” section in the middle of the page. Below the word “Nelnet” is the following link: “Finances/Payment Plans/Refunds,” then follow the prompts. A $25 late fee* will be charged monthly for late payments or underpayments. Contact paymentplan@moody.edu with any payment plan questions.

Note: All prices quoted in this catalog are subject to change without notice. Please contact studentbookkeeping@moody.edu if you have questions.
If students are expecting Institutional scholarships, outside scholarships, stipends, or loans to help cover their balance and they are not awarded by Moody’s due date, students are still responsible to make payments on time for the amount due. Enrollment in the payment plan or financial aid received after the payment due date will not negate any late fees previously applied. All balances outstanding after the pay in full due date are subject to late payment fees and past due holds unless the student is enrolled in the Payment Plan by that date and current with payments.

Outside Aid and Your Payments
Students must communicate Moody’s payment deadlines to any scholarship or sponsoring organization to ensure that the amount is received before the respective course due date. If the scholarship funds are not received by the due date, students must make payment in full at that time. Adjustments to the student’s bill will be made when the actual payment is received. Exceptions to this will only be made if the scholarship organization requires certification after courses begin and they provide an award letter on their letterhead before Moody’s due date stating the amount of the scholarship award. Outside scholarships do not replace the student’s regularly scheduled payments; however, they can lower the student’s overall monthly payment amount. Contact financial.aid@moody.edu with any questions regarding financial aid.

Refund Policies

All other credit balances will be refunded at the end of each academic year unless requested earlier by email at refunds@moody.edu.

UNDERGRADUATE FINANCIAL AID

FEDERAL STUDENT AID

Students applying for Federal Student Aid funds must complete the Free Application for Federal Student Aid at [fafsa.gov](http://fafsagov) each academic year. Students may also be required to submit additional documentation for verification of their financial or dependency status. Students and parents of dependent students are encouraged to utilize the IRS Data Retrieval Tool when completing the FAFSA when it is available.

Federal Student Aid eligibility requirements include the following:

- Must be enrolled in a degree program at Moody (Certificate and non-degree programs are ineligible).
- Must be a high school graduate or have a GED.
- Must file a FAFSA.
- Must not be in default of your student loans or have an overpayment due on any Title IV aid program from any source.
- Must be a U.S. citizen or an eligible noncitizen. Documentation of citizenship status may be required.
- Must be enrolled as a regular student in eligible courses and programs of study.
- Must meet Satisfactory Academic Progress standards; according to Moody’s Satisfactory Academic Progress policy for Federal Student Aid.
- Must be registered with the Selective Service and confirm registration, if required.
- Must not have been convicted of an offense involving the possession or sale of illegal drugs that occurred while the student was enrolled and receiving Title IV aid.
- Cannot receive aid for audited courses.
- Must complete verification, if required.

Steps in applying for federal financial assistance at Moody Bible Institute:

- You must have submitted an admissions application to Moody.
- Complete the Free Application for Federal Student Aid (school code 001727).
- Moody will receive an electronic copy of your FAFSA results.
- Your file will be evaluated for awards and you will receive a financial aid offer detailing the type and amounts of aid for which you are eligible.
- Students may be asked to submit documentation such as tax returns, birth certificates, and Social Security cards and other items needed to verify financial or dependency status. Students who do not wish to submit requested documentation will not receive a financial aid award.

Determining Your Financial Aid

Beginning as early as November you will receive an official communication from the Office of Financial Aid providing you with your financial aid offer. If you opt to have your financial aid notifications provided to you by email you will receive these notifications at your Moody email address. You can log on to the [my.moody.edu](http://my.moody.edu) student portal to see your offer details. If you declined or did not opt in to the electronic notification for your financial aid, you will receive a financial aid offer in the mail once each semester directly before disbursement. If you have been selected for verification you will also receive email notifications to your Moody email address prompting you to log on to the [my.moody.edu](http://my.moody.edu) student portal to view your to-do list.

Your financial aid offer may include funds from several sources. Those funds labeled ‘Federal’ financial aid were awarded strictly on the basis of information you and your family provided on the Free Application for Federal Student Aid. These may include a combination of Pell grants, SEOG, Federal Direct Loans, and Federal Work-Study (a federally funded, part-time job program).

When you complete the FAFSA, a standard formula is applied to the information entered and an Expected Family Contribution number is produced. The EFC provides the number necessary to determine your financial aid eligibility for Pell Grants, SEOG, and Federal Direct Subsidized Loans. The lower a student’s EFC, the higher the student’s Federal Student Aid eligibility. To determine eligibility for Federal Work-Study and other need based aid, Moody takes the cost of attendance and subtracts your EFC and other need based aid (for example scholarships). Federal Student Aid funds are awarded in amounts that take into account the funding available to us and the maximum federal eligibility level for each student.

Please note: The amount of aid you are eligible for is contingent upon the number of credits in which you are enrolled. This means Federal Student Aid may increase or decrease as you add and drop courses. There are consequences to dropping courses or withdrawing from Moody completely. If you drop a course the system will determine if your financial aid needs to be recalculated based on your new enrollment status. For example, if you were enrolled in 12 credits (full-time) and drop to 9 credits (three-quarter time) your amount of Pell Grants will be different. This could result in an increase in your balance with the Office of Student Accounts. In most cases federal funding sources are not adequate to fund all of the direct charges for tuition, fees, room and board.
Summer Semester Financial Aid

Summer is treated as a trailer for the aid year. This means Direct Loans may be available to students who have not used all of their funds in the preceding fall and spring semesters. Pell grants will be available to students who are enrolled at least half time (6 credits) and are otherwise eligible for a Pell grant. In order to be considered for summer aid, you must complete the FAFSA for the prior academic year (i.e.: to receive aid in summer 2020, you must complete the 2019–2020 FAFSA). If, after enrolling in summer courses, you are eligible for summer aid, you will see the Federal Student Aid noted on the my.moody.edu student portal under “financial aid” if you opted to receive notifications electronically; otherwise, you will receive your financial aid offer and disbursement notification via mail.

Please note: The amount of aid you are eligible for in the summer is contingent upon the number of credits in which you are enrolled and how much eligible aid you have left after the fall and spring payment periods. This means Federal Student Aid may increase or decrease as you add and drop courses or maxed out due to less summer eligibility.

Disbursement of Aid

- Fall disbursement of aid will happen no earlier than 10 days before the start of classes.
- Spring disbursement of aid will happen no earlier than 10 days before the start of classes.
- Summer disbursement of aid will begin around the fourth week in May.

Credit Balance Refunds

At times the financial aid can be in excess of allowable charges. This means the student has a credit balance on their student account. To refund such a credit balance to a student or parent, Moody uses NelNet. Once the funds are available (financial aid has posted to the student account), the student may go to my.moody.edu and access their NelNet account by going to “manage my refunds.” Students will be able to enter ACH information of the bank account to which they would like their refund deposited. If the ACH option is not selected, a paper check will be mailed to the address on the account. Parents, if you determined a refund from a PLUS loan should come to you, you will receive a paper check. Refunds are processed twice each week. ACH refunds process in 3-5 business days, and refunds by paper check may take 7-10 days to arrive in the mail.

Federal Verification

Completing Verification, if Required

If your FAFSA is selected for verification, you will be required to provide additional information in order for your financial aid eligibility to be determined. Your financial aid cannot be disbursed until the verification process is complete. If your FAFSA is selected for verification, you will be notified by your Moody email address of any required information that you must submit. You can also log on to the my.moody.edu student portal and look for items on your to-do list. To see the details and instructions of what each item requires click on the item listed. The specific information requested will vary from student to student, so you will need to carefully review the requirements added to your to-do list to determine what additional information you must submit.

Verification Policy

Moody has implemented procedures to verify the accuracy of information on the student’s FAFSA. Federal guidelines require verification of FAFSAs selected by the Central Processing System. Moody will not disburse federal aid and institutional scholarships and grants until the verification process is completed and all discrepancies are resolved. Requested documents should be turned in upon our request. If the required items are not turned in (if we are asking for documents) or resolved (if we are asking you to make a correction) by the close of business on September 1, the financial aid that shows as pending will be removed until verification is complete or the federal deadlines are past. If your pending aid is removed because of failure to meet the September 1 deadline, your balance will be subject to late fees and your account will be put on hold, which will prevent you from enrolling in future semesters. If you fail to turn in the required documents by the federally determined deadlines, then Moody will be unable to process your funds and you will be required to pay any balance remaining on your account.

Types of documentation to be submitted:

- Tax return transcripts
- Verification worksheets
- W2s
- Additional worksheets to determine untaxed income
- Other documentation as needed to clear up any conflicting information

Once all documentation has been turned in the verification team will be comparing the information on the student’s FAFSA with the information on the required documents. Any discrepancies between the FAFSA data and its corresponding documentation will be resolved. In some cases, additional supporting documentation may be required. If the verification process identifies errors or inconsistencies a correction will be submitted, providing the discrepancy is clearly identified and the correct information is available on the signed verification documents. If your award changes because of verification you will receive a revised award notification.
Financial Aid Eligibility and Illegal Drug Use

A federal or state drug conviction for an offense that occurs while a student is receiving Federal Student Aid may disqualify a student from receiving Federal Student Aid funds including, but not limited to, Pell Grants, SEOG Grants, Federal Work-Study, Federal Direct Loans, and institutional sources of aid.

For students convicted of possession or sale (including conspiring to sell) of illegal drugs where the offense occurred while the student was receiving Federal Student Aid, the student will be ineligible for Federal Student Aid as described below.

Possession of Illegal Drugs—1st Offense:
Ineligible for Federal Student Aid and institutional aid for 1 year from date of conviction.

Possession of Illegal Drugs—2nd Offense:
Ineligible for Federal Student Aid and institutional aid for 2 years from date of conviction.

Possession of Illegal Drugs—3rd Offense:
Ineligible for Federal Student Aid and institutional aid indefinitely.

Sale of Illegal Drugs—1st Offense:
Ineligible for Federal Student Aid and institutional aid for 2 years from date of conviction.

Sale of Illegal Drugs—2nd Offense:
Ineligible for Federal Student Aid and institutional aid indefinitely.

Please don't risk your health and financial aid eligibility by possessing, using, or selling illegal drugs.

SATISFACTORY ACADEMIC PROGRESS

Satisfactory Academic Progress (SAP) ensures students are able to complete their academic program in a timely manner while achieving and maintaining compliance with minimum academic standards. Federal regulations mandate that all students are required to meet SAP standards as they work towards a degree in order for them to qualify to receive financial assistance. SAP is evaluated on a payment period basis (generally this will be at the end of fall, spring, and summer semesters) after grades are posted and will affect eligibility for the upcoming payment period.

Quantitative Measure (Pace of Progress)
Students must successfully complete at least two-thirds of all credits attempted to remain in good academic standing and retain eligibility for financial aid, which include pass/fail, repeated, and incomplete courses and courses dropped after the last day to drop a course without penalty (i.e., W, WP, or WF grades).

Qualitative Measure (Cumulative GPA)
Students are required to meet SAP standards in order to remain in good academic standing and retain eligibility for financial aid. The qualitative measurement requires a certain cumulative GPA based on the number of credits earned according to the chart below.

Maximum Time Frame
The maximum time frame for receipt of financial aid must be no longer than 150% of the published length of an academic program. At Moody, many Bachelor of Arts degrees require students to earn 126 credits; therefore, students enrolled in a 126 credit Bachelor degree are allowed up to 189 attempted credits (including all transfer credits accepted toward completion of a student’s program) to be considered for financial aid. The maximum time limits include all credits attempted regardless of whether or not financial aid was received.

Grades
The following grades are not considered satisfactory completion of a course and, therefore, are not earned credits. They will, however, count as attempted credits against the quantitative measure and maximum time frame. Moody does not offer remedial or developmental courses and transfer credit is not awarded for any courses that are designated as such.

I (Incomplete)
F (Failed)
FN (Unofficial withdrawal)
X (Failed course that was successfully repeated)
XN (Unofficial withdrawal course that was successfully repeated)
WX (Withdrawal failing course that was successfully repeated)
W (Withdrawal)
WF (Withdrawal failing)
WP (Withdrawal passing)

Transfer Students
Transfer students are evaluated based on the number of credits accepted by Moody. Once transfer credit has been evaluated by the Office of Academic Records and the student has been awarded credits, then that student will fall under the same quantitative and qualitative measures as previously mentioned based on that designated classification. Transfer grades are not factored into the student's cumulative GPA for SAP purposes. The maximum time frame for eligibility for financial aid is also applied to transfer students based on the number of credits accepted by Moody.
Changing Programs and Second Degrees
When students change their program all of their previous coursework will count as part of the 150% attempted credits in their new program. Once a student completes all the requirements for their program, they can no longer receive financial aid unless the student enters a new degree program. All courses in the completed program will count as part of the 150% attempted credits in the student’s second degree program.

Satisfactory Academic Progress Procedures
Satisfactory Academic Progress is reviewed at the end of each payment period. The cumulative academic record at Moody is considered when SAP is evaluated (not just the semesters when financial aid was received). Students who are not successfully completing courses at the pace and GPA outlined above are placed on financial aid warning for the following payment period and will be notified by the Office of Financial Aid. If SAP is still not being met after the warning period, then the student will receive notification from the Office of Financial Aid that the student is no longer eligible to receive financial aid and will need to be meeting SAP before Financial Aid is offered again.

Financial Aid Warning
Students may receive financial aid during the semester they are on warning. However, they will need to follow any restrictions put in place by the Office of Academic Records, due to their probationary status. If the student fails to meet SAP at the end of their warning payment period, the student will be ineligible for financial aid.

After the warning period, any student not making Satisfactory Academic Progress (SAP) for financial aid will receive a letter from the Office of Financial Aid stating that the student is no longer eligible to receive aid from any program. At this point, that student will have two options:

- Attend Moody using the student’s own financial resources without financial aid, until the minimum requirements of the Institute’s Federal Satisfactory Academic Progress policy have been met.
- Submit an appeal stating the reason(s) why they have not met the minimum standards along with any supporting documentation that verifies the circumstances that affected their ability to meet the minimum standards. Additional information on the appeal process is provided below.

Appeal Process
A student may submit a written statement of appeal for additional federal assistance if the student feels that their special circumstances prevented them from meeting the minimum standards of Federal Satisfactory Academic Progress. Note that a student may only submit up to two SAP appeals during their academic career at Moody.

Reasons for appeal might include:

- Medical, family, or emotional difficulty
- Documented learning disability
- Other special significant or unusual circumstances (poor time management is not a significant or unusual circumstance)

Students must submit the following to the Office of Financial Aid:

- The Satisfactory Academic Progress Appeal Request Form (available on our website and from the Office of Financial Aid)
- A detailed statement of their reason for not meeting SAP standards
- What has changed that will enable them to meet SAP standards
- Third party documentation supporting their statement such as, but not limited to:
  - Letter from doctor, minister, counselor, or instructor
  - Hospital records
  - Death certificates

The SAP Appeals Committee will review the request, the written statement, and any other submitted documentation to determine if the student can meet SAP standards by the end of the next semester in tandem with the Office of Academic Records. If the committee determines that the student cannot meet the required standards after completion of one semester, the student will need to agree to an Academic Plan for Improvement as prepared by the Office of Academic Records.

All students will be notified in writing of the Appeals Committee’s decisions. Please note that if approved, only one semester of financial aid eligibility can be offered without an approved Academic Plan for Improvement. The student must meet the minimum standards of SAP by the end of the approved semester to retain eligibility. If the student does not improve the deficiencies within the approved semester(s), the student will no longer be eligible to receive financial aid. Students will continue to be ineligible for financial aid until the minimum requirements are met or an Academic Plan for Improvement is approved.

Academic Plan for Improvement
If the SAP Appeals Committee determines that more than one semester is needed to meet SAP standards, then agreeing to an Academic Plan for Improvement is required. The student will be presented with an academic plan for meeting the minimum standards of SAP prepared by the Office of Academic Records. The academic plan is a contract that outlines a strategy towards the student’s goal to “get back on track” and meet the standards of SAP while completing degree requirements. The plan will have strict conditions that the student must follow in order to retain eligibility for financial aid. Following the Academic Plan for Improvement provides additional semesters for the student to receive financial aid, provided the student is meeting all of the conditions of the plan.
Important: A student not making Satisfactory Academic Progress after their warning payment period understands that failure to submit a successful appeal to the SAP Appeals Committee by the published deadlines will mean that no further aid will be awarded to that student for future semesters of enrollment. It is necessary that the student take immediate action upon receipt of the notification that the student is not meeting SAP. Questions regarding this policy should be directed to financial.aid@moody.edu.

WITHDRAWING FROM MOODY BIBLE INSTITUTE

Return to Title IV Refund Policy

Students are awarded Title IV aid and institutional aid with the assumption that they will complete the entire period for which assistance was provided. While the aid will be disbursed before the end of the semester, students have not earned all of the money on the first day of courses. Once a student has started attending courses, the student begins to earn the federal aid awarded. When a student ceases enrollment in all courses after a semester begins, the student is considered to be withdrawn for that semester. The U.S. Department of Education requires schools to determine if such students earned all the Federal Student Aid they received. This is a percentage based on the number of calendar days attended versus the total calendar days for the enrollment period. Once this percentage is calculated, it is used to determine the amount of Title IV aid that may be retained to cover charges on the student’s account. If a student withdraws prior to 60% of the payment period being completed, any unearned aid must be returned to the U.S. Department of Education. Federal Student Aid recipients who are considering withdrawing from a semester are encouraged to contact the Office of Financial Aid prior to withdrawal.

Failure to officially withdraw from Moody may result in the student receiving all unofficial withdrawal grades (FN), resulting in an unofficial term withdrawal and the return of Title IV aid. In order to withdraw from Moody you need to contact the associate registrars in the Office of Academic Records and provide official notification and follow the Term Withdrawal policy (see Academic Policies). If a student withdraws from Moody, either by completing the official withdrawal process or by dropping all of their classes, the student will forfeit all institutional money awarded for the semester.

Determining Withdrawal Date

A student’s withdrawal date is determined based upon one of the following:

- The date the student began the official withdrawal process.
- The student expressed intent to withdraw to one of the associate registrars in person, in writing (including emailing), or by phone.
- If the student did not complete the official withdrawal process, or express intent to withdraw, or was not administratively dropped, then the midpoint of the semester may be used. If there is documentation of an academically related activity (submitted an assignment, was active on the course website, participated in a course activity, etc.), then that date may be used instead.

Once the withdrawal date is determined, a Title IV refund calculation will be performed. All unearned Title IV aid funds will be returned to their respective programs within 45 days of the determined date of withdrawal. Funds will be returned in the following order:

- Unsubsidized Federal Direct Loans
- Subsidized Federal Direct Loans
- PLUS Federal Direct Loans
- Federal Pell Grant
- Iraq and Afghanistan Service Grant (IASG)
- Federal Supplemental Educational Opportunity Grant

After the Office of Financial Aid has a withdrawal date the Return to Title IV calculation will begin as follows:

Step 1: Determine the percentage of aid earned by calculating the percentage of the period that the student completed.
Step 2: Determine the amount of earned aid by applying the percentage to the total Title IV aid that was or could have been disbursed.
Step 3: Determine the amount of unearned aid by subtracting earned aid from disbursed aid or determine the amount of a post-withdrawal disbursement by subtracting disbursed aid from earned aid.
Step 4: If unearned funds must be returned, determine the school's and the student’s shares; or if a post-withdrawal disbursement is due, determine the sources from which it will be funded.
Step 5: If unearned funds must be returned, allocate unearned aid to programs from which student was funded; or if a post-withdrawal disbursement is due, send student applicable notification.
Step 6: Return Moody’s share and any funds repaid by the student or refer the student to the Department of Education; or make the post-withdrawal disbursement.

If the student did not receive all of the funds earned, they may be a due a Post-withdrawal disbursement. If the Post-withdrawal disbursement includes loan funds, the institution must get the student's permission before the funds can be disbursed. The student may choose to decline all or part of the loan funds so they do not incur additional debt. Students who wish to have loan funds credited to their account will need to make the request in writing to the Office of Financial Aid within 14 calendar days of receiving their notification letter. If the Post-withdrawal disbursement is from Pell, then the money will be applied to any outstanding tuition, fees, room or board. If there is a credit balance, it will be sent to the student within 14 days of being created.

There are some Title IV funds that a student may have been scheduled to receive that cannot be disbursed to a student once they have completely withdrawn because of other eligibility requirements. For example, if a student is a first-time, first year undergraduate student and has not completed the first 30 days of their program before they withdraw, they will not receive any Federal Stafford Loan funds that they would have received if they had remained enrolled past the 30th day.

2019–2020 Catalog

Financial Aid
Once the institution has determined that a student has completely withdrawn, a Return of Title IV funds calculation will be performed within 45 days. The institution will notify the student in writing of their revised eligibility after the Return of Title IV funds calculation is completed. If the student owes unpaid tuition and fees, the student will receive an updated invoice from the institution.

Unofficial Withdrawal
A student who receives failed grades (F) will be considered to have completed the semester. A student who receives unofficial withdrawal grades (FN) in all courses at the end of the semester may be subject to the Return to Title IV policy. If a student is receiving Title IV funds and receives unofficial withdrawal grades (FN) in all courses, generally the midpoint of the semester will be used. If there is documentation of an academically related activity (submitted an assignment, was active on the course website, participated in a course activity, etc.) after the midpoint of the semester, then the withdrawal calculation may be based on this date instead.

TYPES OF FINANCIAL AID AVAILABLE AT MOODY BIBLE INSTITUTE DISTANCE LEARNING

Pell Grants
The United States government sets the maximum Pell Grant award amount every year, which is $6,195 for 2019-2020.

- Pell Grants are available to eligible undergraduate students.
- Financial need is based on information submitted on the FAFSA.
- Students must be working on their first bachelor degree.
- Grant recipients may receive Pell Grants for up to 12 semesters or the equivalent.

If you have already met or exceeded 12 semesters of eligibility, you will no longer be able to receive Pell Grants even if you meet all other criteria. Equivalency is calculated by adding together the percentage of Pell Grants you received each year.

For example: Your annual maximum Pell Grant eligibility in 2019–2020 was $6,195; however, you only received $3,098 because you were only enrolled for one semester, and would have used 50% of your 600% (12 semesters equal 600%, your lifetime limit). If the next year you enroll in both semesters and receive your full amount of Pell Grants, you would use 100% of your Pell Grant eligibility and 150% of your lifetime limit.

The Federal Supplemental Educational Opportunity Grant
Students may receive $100–$600 per year of Federal Supplemental Educational Opportunity Grants.

The SEOG program is a supplemental grant for undergraduates with exceptional financial need. Because it is a grant, it does not need to be paid back. Pell Grant recipients with the lowest expected family contributions will be considered first for a SEOG award. Awards are automatically assigned until all funds are awarded. If you are awarded these funds they will show up on your financial aid offer.

Federal Work-Study Programs
This program is a portion of Federal Student Aid, designed to provide eligible students an opportunity to earn a portion of their educational expenses through campus and community service based employment in various campus departments, offices and off-campus community services positions. Eligibility for this program is determined by the Federal government calculation using information from the FAFSA. Students are paid at an hourly rate and receive pay every two weeks for the hours worked. The average Federal Work-Study hourly rate is the prevailing minimum wage for the city of Chicago. It is Moody’s policy that a student may not be employed more than 24 hours per week during an academic period or 38.75 hours per week during a break period. A student’s work study award cannot be used as a credit on the student's bill. Federal Work-Study positions are subject to campus availability.

Private Loans

If a loan becomes necessary, we believe families should have as much information as possible to make individual loan choices that are in their best interest. To assist you, Moody maintains a list of possible lenders families may wish to include when comparing private loans, however, borrowers are not limited to Moody’s private lender list and may select a lender not on Moody’s private lender list. We receive no incentives or benefits from any lender, whether or not they are designated as a preferred lender.

Criteria

Moody’s Office of Financial Aid seeks lenders that offer favorable loan products as determined through an annual review of the following:

- Loan Terms (e.g., interest rates, fees charged, and front or back end borrower benefits)
- Customer Service (e.g., timeliness of processing and disbursement, ease of application, web-based services)
- The availability of borrower benefits (e.g., rate reduction and/or consolidation options)
- Default Prevention (e.g., standards to help students maintain good account standing)
- Products available (e.g., loans for parents or others to take out on behalf of the students)

For the most recent list of private lenders please visit our website at moody.edu/federal-financial-aid/loans. These loans are based on the Prime Lending Rate or the London Interbank Offered Rate index which is the average interest rate that leading banks in London charge when lending to other banks. LIBOR fluctuates throughout the year.

Outside Scholarships

If you receive any assistance from an organization outside Moody, this aid must be taken into consideration in calculating your financial aid award. Please send all outside scholarship checks payable to:

Moody Bible Institute
Financial Aid
820 N. LaSalle Blvd.
Chicago, IL 60610

Please note that outside scholarship awards become a part of the total financial aid award package and your financial aid may be reduced. Financial aid award packages cannot exceed the cost of attendance.

Students must communicate Moody’s payment deadlines to any scholarship or sponsoring organization. To ensure that the amount is applied to the fall and spring semester bills by the due date, please send the check prior to August 1 for the fall semester and December 1 for the spring. Outside scholarships will show up on your financial aid record and reduce your overall bill only when the actual check is received. Exceptions to this can only be made if the scholarship provider sends Moody an award letter on their letterhead stating the amount of the scholarship award and semester(s) the scholarship is for. Send all outside scholarship correspondence to financial.aid@moody.edu. Scholarship checks received for students who are not enrolled will be returned to the sender.

Institutional Aid

Institutional Scholarship Aid

The institutional scholarship program incorporates merit- and need-based scholarships funded by generous donors. Institutional scholarship funds are allocated annually based on institutional and donor guidelines. Students interested in applying for Moody scholarships and grants to help cover the cost of education are required to fill out the FAFSA to determine need. Besides documented financial need, full-time upperclassmen are given preference for any available aid. Additionally, students must submit financial aid application materials available on the my.moody.edu student portal > Financial Aid > Institutional Scholarship Application and meet deadline requirements. Scholarships are not automatically renewable; students must apply each year. Amounts and availability of scholarships are dependent upon funding each year.

Awarding Institutional Aid

Institutional funds are allocated annually by the Office of Financial Aid and must be managed within institutional and donors' guidelines and criteria. Funds are limited. All students who apply will not be awarded aid. Priority is given to students who demonstrate a high need, fit donors’ criteria and exhibit good academic standing (minimum cumulative GPA of 2.00 or higher), have met the institutional deadlines, and are enrolled full-time (12 credits for undergraduate students). Institutional award amounts will be determined using both need and
cumulative GPA. Awards will continue to be applied until all funds have been exhausted. All awards are disbursed over two semesters. Exceptions: December graduates will only receive the fall portion of their awarded scholarship and students who have less than 12 credits remaining in their final semester may be awarded a pro-rated scholarship based on the number of credits they are enrolled in. Awards will not exceed the cost of attendance.

**Tuition Assistance/Vouchers**

Employers, governmental agencies, and branches of the military sometimes provide Tuition Assistance for students. The Office of Student Accounts and the Office of Financial Aid are available to provide verification or certification of a student’s eligibility for benefits when necessary. For Vocational Rehabilitation and Employment for Veterans contact the VA certifying official at financial.aid@moody.edu. For all other TA benefits and vouchers contact student.accounts@moody.edu.

If the benefit is in the form of a voucher (which generally has a stated value) the student may apply that value to their school bill by emailing a copy to the Office of Student Accounts before Moody’s payment deadline (see Payment Policies). If the benefit covers 100% of a student’s school bill, no payment is necessary. For benefits that are less than 100%, students are required to pay the remaining balance by Moody’s payment deadline of the specific semester or to use the appropriate payment plan (see Payment Policies).

Please note the following:

- Moody is bound by the rules of the agency or organization with regards to withdrawals, refunds and filing dates.
- Military Tuition Assistance regulations require accurate start and end dates on all TA authorizations. Please reference the appropriate dates for each enrollment period.
- Tuition assistance vouchers are specific to the courses and or periods for which they are offered and course substitutions cannot be made unless written authorization for such substitutions are provided by an authorized member of the participating agency.

**Veterans Benefits**

Moody is honored to serve veterans and active-duty members of the U.S. military and their dependents. Veterans new to Moody Bible Institute Distance Learning should email the VA Certifying Official at financialaid@moody.edu or go to the financial aid website at moody.edu to receive proper instructions to begin activation of benefits. Veterans must be meeting the Satisfactory Academic Progress policy of the Office of Financial Aid (see Satisfactory Academic Progress). All of Moody’s degrees have been approved by the appropriate agency, under Title 38, U.S. Code Chapters 30, 33, 35, 1606, 1607 and Vocational Rehab (Chapter 31), (this excludes certificate programs).

**Veterans Benefits and Your Payments**

Those wishing to use their VA benefits should keep in mind that due to the time needed for processing, the veteran may not receive initial benefits for several weeks and will need to plan accordingly. If the benefit is in the form of Chapter 31 Vocational Rehab or Post 9/11 Chapter 33 and the benefit will cover 100% of the student’s charges and the student has been corresponding with the certifying official, an exception to having their balance paid in full by the due dates will be granted. For benefits that are less than 100%, students are required to pay the remaining balance by the payment deadline of the specific semester or to use a Moody payment plan (see Payment Policies).

Moody does not and will not provide any commission, bonus, or other incentive payment based directly or indirectly on success in securing enrollment or financial aid to any persons or entities engaged in any student recruiting or admissions activities or in making decisions regarding the award of student financial assistance. For a complete overview of VA participating programs, please visit moody.edu/federal-financial-aid/veterans-benefits.

**Determining Your Financial Aid**

Beginning as early as November you will receive an official communication from the Office of Financial Aid providing you with your financial aid offer. If you opted to have your financial aid notifications provided to you by email you will receive these notifications at your Moody email address. You can log on to the my.moody.edu student portal to see your offer details. If you declined or did not opt in to the electronic notification for your financial aid, you will receive a financial aid offer in the mail once each semester directly before disbursement. If you have been selected for verification you will also receive email notifications to your Moody email address prompting you to log on to the my.moody.edu student portal to view your to-do list.

Your financial aid offer may include funds from several sources. Those funds labeled 'Federal' financial aid were awarded strictly on the basis of information you and your family provided on the Free Application for Federal Student Aid. These may include a combination of Federal Direct Loans and Federal Work-Study (a federally funded, part-time job program).

When you complete the FAFSA, a standard formula is applied to the information entered and an Expected Family Contribution number is produced. The EFC provides the number necessary to determine your financial aid eligibility for Federal Direct Loans. The lower a student’s EFC, the higher the student’s Federal Student Aid eligibility. To determine eligibility for Federal Work-Study and other need based aid, Moody takes the cost of attendance and subtracts your EFC and other need based aid (for example scholarships). Federal Student Aid funds are awarded in amounts that take into account the funding available to us and the maximum federal eligibility level for each student.

Please note: The amount of aid you are eligible for is contingent upon the number of credits in which you are enrolled. This means Federal Student Aid may increase or decrease as you add and drop courses. There are consequences to dropping courses or withdrawing from Moody completely. If you drop a course the system will determine if your financial aid needs to be recalculated based on your new enrollment status. For example, if you were enrolled in 9 credits (full-time) and drop to 3 credits, you will not be eligible for your loans.
Summer Semester Financial Aid

Summer is treated as a trailer for the aid year. This means Direct Loans may be available to students who have not used all of their funds in the preceding fall and spring semesters. In order to be considered for summer aid, you must complete the FAFSA for the prior academic year (i.e.: to receive aid in summer 2020, you must complete the 2019–2020 FAFSA). If, after enrolling in summer courses, you are eligible for summer aid, you will see the Federal Student Aid noted on the my.moody.edu student portal under “financial aid” if you opted to receive notifications electronically; otherwise, you will receive your financial aid offer and disbursement notification via mail.

Please note: The amount of aid you are eligible for in the summer is contingent upon the number of credits you are enrolled in and how much eligible aid you have left after the fall and spring payment periods. This means Federal Student Aid may increase or decrease as you add and drop courses or maxed out due to less summer eligibility.

Disbursement of Aid

- Fall disbursement of aid will happen no earlier than 10 days before the start of classes.
- Spring disbursement of aid will happen no earlier than 10 days before the start of classes.
- Summer disbursement of aid will begin around the fourth week in May.

Credit Balance Refunds

At times the financial aid can be in excess of allowable charges. This means the student has a credit balance on their student account.

To refund such a credit balance to a student or parent, Moody uses NelNet. Once the funds are available (financial aid has posted to the student account), the student may go to my.moody.edu and access their NelNet account by going to “manage my refunds.” Students will be able to enter ACH information of the bank account to which they would like their refund deposited. If the ACH option is not selected, a paper check will be mailed to the address on the account. Parents, if you determined a refund from a PLUS loan should come to you, you will receive a paper check. Refunds are processed twice each week. ACH refunds process in 3-5 business days, and refunds by paper check may take 7-10 days to arrive in the mail.

Financial Aid Eligibility and Illegal Drug Use

A federal or state drug conviction for an offense that occurs while a student is receiving Federal Student Aid may disqualify a student from receiving Federal Student Aid funds including, but not limited to, Federal Work-Study, Federal Direct Loans, and institutional sources of aid.

For students convicted of possession or sale (including conspiring to sell) of illegal drugs where the offense occurred while the student was receiving Federal Student Aid, the student will be ineligible for Federal Student Aid as described below.

### Possession of Illegal Drugs

- **1st Offense:** Ineligible for Federal Student Aid and institutional aid for 1 year from date of conviction.
- **2nd Offense:** Ineligible for Federal Student Aid and institutional aid for 2 years from date of conviction.
- **3rd Offense:** Ineligible for Federal Student Aid and institutional aid indefinitely.

### Sale of Illegal Drugs

- **1st Offense:** Ineligible for Federal Student Aid and institutional aid for 2 years from date of conviction.
- **2nd Offense:** Ineligible for Federal Student Aid and institutional aid indefinitely.

Please don’t risk your health and financial aid eligibility by possessing, using, or selling illegal drugs.

Satisfactory Academic Progress

Satisfactory Academic Progress (SAP) ensures students are able to complete their academic program in a timely manner while achieving and maintaining compliance with minimum academic standards. Federal regulations mandate that all students are required to meet SAP standards as they work towards a degree in order for them to qualify to receive financial assistance. SAP is evaluated on a payment period basis (generally this will be at the end of fall, spring, and summer semesters) after grades are posted and will affect eligibility for the upcoming payment period.

Quantitative Measure (Pace of Progress)
Students must successfully complete at least two-thirds of all credits attempted to remain in good academic standing and retain eligibility for financial aid, which include pass/fail, repeated, and incomplete courses and courses dropped after the last day to drop a course without penalty (i.e., W, WP, or WF grades).

Qualitative Measure (Cumulative GPA)
Students are required to meet SAP standards in order to remain in good academic standing and retain eligibility for financial aid. The qualitative measurement requires a certain cumulative GPA based on the number of credits earned according to the chart below.

<table>
<thead>
<tr>
<th>Master of Arts Degrees</th>
<th>Credits Earned</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>&lt; 15</td>
<td>2.300</td>
</tr>
<tr>
<td></td>
<td>15 +</td>
<td>2.500</td>
</tr>
</tbody>
</table>

Maximum Time Frame

The maximum time frame for receipt of financial aid must be no longer than 150% of the published length of an academic program. At Moody, some Master of Arts degrees require students to earn 30 credits; therefore, students enrolled in a 30-credit MA degree are allowed up to 45 attempted credits (including all transfer credits accepted toward completion of a student’s program) to be considered for financial aid. The maximum time limits include all credits attempted regardless of whether or not financial aid was received.
Grades
The following grades are not considered satisfactory completion of a course and, therefore, are not earned credits. They will, however, count as attempted credits against the quantitative measure and maximum time frame. Moody does not offer remedial or developmental courses and transfer credit is not awarded for any courses that are designated as such.

I (Incomplete)
F (Failed)
FN (Unofficial withdrawal)
X (Failed course that was successfully repeated)
XN (Unofficial withdrawal course that was successfully repeated)
WX (Withdrawal failing course that was successfully repeated)
W (Withdrawal)
WF (Withdrawal failing)
WP (Withdrawal passing)

Transfer Students
Transfer students are evaluated based on the number of credits accepted by Moody. Once transfer credit has been evaluated by the Office of Academic Records and the student has been awarded credits, then that student will fall under the same quantitative and qualitative measures as previously mentioned based on that designated classification. Transfer grades are not factored into the student's cumulative GPA for SAP purposes. The maximum time frame for eligibility for financial aid is also applied to transfer students based on the number of credits accepted by Moody.

Changing Majors and Second Degrees
When students change their program, all of their previous coursework will count as part of the 150% attempted credits in their new program. Once a student completes all the requirements for their program, they can no longer receive financial aid unless the student enters a new degree program. All courses in the completed program will count as part of the 150% attempted credits in the student's second degree program. This does not apply to students graduating from an undergraduate degree and entering a graduate program.

Satisfactory Academic Progress Procedures
Satisfactory Academic Progress is reviewed at the end of each payment period. The cumulative academic record at Moody is considered when SAP is evaluated (not just the semesters when financial aid was received). Students who are not successfully completing courses at the pace and GPA outlined above are placed on financial aid warning for the following payment period and will be notified by the Office of Financial Aid. If SAP is still not being met after the warning period, then the student will receive notification from the Office of Financial Aid that the student is no longer eligible to receive financial aid and will need to be meeting SAP before Financial Aid is offered again.

Financial Aid Warning
Students may receive financial aid during the semester they are on warning. However, they will need to follow any restrictions put in place by the Office of Academic Records, due to their probationary status. If the student fails to meet SAP at the end of their warning payment period, the student will be ineligible for financial aid.

After the warning period, any student not making Satisfactory Academic Progress (SAP) for financial aid will receive a letter from the Office of Financial Aid stating that the student is no longer eligible to receive aid from any program. At this point, that student will have two options:

- Attend Moody using the student's own financial or institutional resources and without federal financial aid, until the minimum requirements of the Institute's Federal Satisfactory Academic Progress policy have been met.
- Submit an appeal stating the reason(s) why they have not met the minimum standards along with any supporting documentation that verifies the circumstances that affected their ability to meet the minimum standards. Additional information on the appeal process is provided below.

Appeal Process
A student may submit a written statement of appeal for additional federal assistance if the student feels that their special circumstances prevented them from meeting the minimum standards of Federal Satisfactory Academic Progress. Note that a student may only submit up to two SAP appeals during their academic career at Moody.

Reasons for appeal might include:

- Medical, family, or emotional difficulty
- Documented learning disability
- Other special significant or unusual circumstances (poor time management is not a significant or unusual circumstance)

Students must submit the following to the Office of Financial Aid:

- The Satisfactory Academic Progress Appeal Request Form (available on our website and from the Office of Financial Aid)
- A detailed statement of their reason for not meeting SAP standards
- What has changed that will enable them to meet SAP standards
A student withdraws from Moody, either by completing the official withdrawal process or by dropping all of their classes, the student will need to agree to an Academic Plan for Improvement as prepared by the Office of Academic Records. Once the withdrawal date is determined, a student will no longer be eligible to receive financial aid. Students will continue to be ineligible for financial aid until the minimum requirements are met or an Academic Plan for Improvement is approved.

### Academic Plan for Improvement

If the SAP Appeals Committee determines that more than one semester is needed to meet SAP standards, then agreeing to an Academic Plan for Improvement is required. The student will be presented with an academic plan for meeting the minimum standards of SAP prepared by the Office of Academic Records. The academic plan is a contract that outlines a strategy towards the student's goal to "get back on track" and meet the standards of SAP while completing degree requirements. The plan will have strict conditions that the student must follow in order to retain eligibility for financial aid. Following the Academic Plan for Improvement provides additional semesters for the student to receive financial aid, provided the student is meeting all of the conditions of the plan.

Important: A student not making Satisfactory Academic Progress after their warning payment period understands that failure to submit a successful appeal to the SAP Appeals Committee by the published deadlines will mean that no further aid will be awarded to that student for future semesters of enrollment. It is necessary that the student take immediate action upon receipt of the notification that the student is not meeting SAP. Questions regarding this policy should be directed to the Office of Financial Aid at financial.aid@moody.edu.

## WITHDRAWING FROM MOODY BIBLE INSTITUTE

### Return to Title IV Refund Policy

Students are awarded Title IV aid and institutional aid with the assumption that they will complete the entire period for which assistance was provided. While the aid will be disbursed before the end of the semester, students have not earned all of the money on the first day of courses. Once a student has started attending courses, the student begins to earn their federal aid awarded. When a student ceases enrollment in all courses after a semester begins, the student is considered to be withdrawn for that semester. The U.S. Department of Education requires schools to determine if such students earned all the Federal Student Aid they received. This is a percentage based on the number of calendar days attended versus the total calendar days for the enrollment period. Once this percentage is calculated, it is used to determine the amount of Title IV aid that may be retained to cover charges on the student’s account. If a student withdraws prior to 60% of the payment period being completed, any unearned aid must be returned to the U.S. Department of Education. Federal Student Aid recipients who are considering withdrawing from a semester are encouraged to contact the Office of Financial Aid prior to withdrawal.

Failure to officially withdraw from Moody may result in the student receiving all unofficial withdrawal grades (FN), resulting in an unofficial term withdrawal and the return of Title IV aid. In order to withdraw from Moody you need to contact the associate registrars in the Office of Academic Records and provide official notification and follow the Term Withdrawal policy (see Academic Policies). If a student withdraws from Moody, either by completing the official withdrawal process or by dropping all of their classes, the student will forfeit all institutional money awarded for the semester.

### Determining Withdrawal Date

A student’s withdrawal date is determined based upon one of the following:

- The date the student began the official withdrawal process.
- The student expressed intent to withdraw to one of the associate registrars in person, in writing (including emailing), or by phone.
- If the student did not complete the official withdrawal process, or express intent to withdraw, or was not administratively dropped, then the midpoint of the semester may be used. If there is documentation of an academically related activity (submitted an assignment, was active on the course website, participated in a course activity, etc.), then that date may be used instead.

Once the withdrawal date is determined, a Title IV refund calculation will be performed. All unearned Title IV aid funds will be returned to their respective programs within 45 days of the determined date of withdrawal. Funds will be returned in the following order:

- Unsubsidized Federal Direct Loans.
- Subsidized Federal Direct Loans
- PLUS Federal Direct Loans
- Federal Pell Grant
- Iraq and Afghanistan Service Grant (IASG)
- Federal Supplemental Opportunity Grant
After the Office of Financial Aid has a withdrawal date the Return to Title IV calculation will begin as follows:

**Step 1:** Determine the percentage of aid earned by calculating the percentage of the period that the student completed.
**Step 2:** Determine the amount of earned aid by applying the percentage to the total Title IV aid that was or could have been disbursed.
**Step 3:** Determine the amount of unearned aid by subtracting earned aid from disbursed aid or determine the amount of a post-withdrawal disbursement by subtracting disbursed aid from earned aid.
**Step 4:** If unearned funds must be returned, determine the school’s and the student’s shares; or if a post-withdrawal disbursement is due, determine the sources from which it will be funded.
**Step 5:** If unearned funds must be returned, allocate unearned aid to programs from which student was funded; or if a post-withdrawal disbursement is due, send student applicable notification.*
**Step 6:** Return Moody’s share and any funds repaid by the student or refer the student to the Department of Education; or make the post-withdrawal disbursement.

If the student did not receive all of the funds earned, they may be due a Post-withdrawal disbursement. If the Post-withdrawal disbursement includes loan funds, the institution must get the student’s permission before the funds can be disbursed. The student may choose to decline all or part of the loan funds so they do not incur additional debt. Students who wish to have loan funds credited to their account will need to make the request in writing to the Office of Financial Aid within 14 calendar days of receiving their notification letter.

There are some Title IV funds that a student may have been scheduled to receive that cannot be disbursed to a student once they have completely withdrawn because of other eligibility requirements. For example, if a student is a first-time, first year undergraduate student and has not completed the first 30 days of their program before they withdraw, they will not receive any Federal Stafford Loan funds that they would have received if they had remained enrolled past the 30th day.

Once the institution has determined that a student has completely withdrawn, a Return of Title IV funds calculation will be performed within 45 days. The institution will notify the student in writing of their revised eligibility after the Return of Title IV funds calculation is completed. If the student owes unpaid tuition and fees, the student will receive an updated invoice from the institution.

**Unofficial Withdrawal**

A student who receives failed grades (F) will be considered to have completed the semester. A student who receives unofficial withdrawal grades (FN) in all courses at the end of the semester may be subject to the Return to Title IV policy. If a student is receiving Title IV funds and receives unofficial withdrawal grades (FN) in all courses, generally the midpoint of the semester will be used. If there is documentation of an academically related activity (submitted an assignment, was active on the course website, participated in a course activity, etc.) after the midpoint of the semester, then the withdrawal calculation may be based on this date instead.

STUDENT SERVICES

EDUCATIONAL SERVICES

Moody Library Services
The purpose of Moody Library Services is to provide support for the global vision and biblical mission of Moody by the advancement of resources and services that promote the curricular and information needs of its user constituency through effective new technology, while supporting and developing traditional information formats.

The Chicago Crowell Library provides direct access to over 200,000 print books, over 1,500,000 e-books, over 1,000 print serials, over 200,000 online serial titles, and over 16,000 film, video, and sound recordings. Students and faculty can access over 90 electronic databases, including ATLA Religion Database, Naxos Music Service, Academic Search Complete, Oxford Biblical Studies, and PsycArticles. In addition to over 80,000 books dedicated to Bible and theology in its main Chicago collection, specialized resources are provided through its media collection, music collection, education curriculum lab, reference section, and archives room. Crowell Library is a member of the I-Share library group of over 90 academic and research libraries in Illinois, and our Illinois-resident students and faculty (with library barcodes) have borrowing privileges at each of those libraries, and access to over 38,000,000 books.

The Chicago Crowell Library is housed in a 55,603 square-foot, two-floor facility. Comfortable lounge and study chairs, desks and carrels, printers, photocopiers, and computers are available. The Library provides services in circulation and reserves, interlibrary loan, reference and research, and information literacy and other special programs, as well as acquisitions, cataloging, processing, and preservation of resources, managed by a dedicated professional and support staff, including a Distance Learning librarian.

Information Technology Services
Information Technology Services (ITS) provides technology support to students and faculty. This support includes assistance in connecting to and using the smart desks in the classroom environment. Students can check out cameras, projectors, and other technology devices for use in classes and PCM service. ITS also supports Blackboard, computer labs, and the campus printing system. For further information about ITS services, please visit the ITS website at its.moody.edu.

Student Advocacy Team
The student advocacy team exists to encourage student success by actively working with the student to understand and make full use of all of the student services provided by Moody. A student advocate is assigned to the student at the time of admission to MDL and will continue with the student through completion of their program.

Where many student service departments provide resources to students as they have need, the student advocacy team is primarily concerned with the student themselves. Student advocates can assist students with goal setting, time management, troubleshooting of registration, elevating student concerns to the appropriate supervisors, among many other things. Moody Bible Institute Distance Learning provides each degree seeking student with a student advocate. If you are unsure of who your student advocate is after you have been admitted, please contact mdlc@moody.edu.

DISABILITY SERVICES

It is the goal of Moody to ensure all college services, activities, facilities, and privileges are accessible to qualified persons with disabilities. Reasonable accommodations will be made on an individualized basis. It is the responsibility of persons with disabilities, however, to seek available services and make their needs known to the Student Resource Center at studentresourcecenter@moody.edu. For more information please visit the website, moody.edu/disability-services.

STUDENT LIFE

Standards of Conduct
In a changing world, the Christian has an unchanging standard, God’s Word. Moody’s standards of conduct are based on the teaching and principles of Scripture, seeking to develop personal holiness and discipline exemplified in a lifestyle glorifying to God. For these reasons, students enrolled at Moody are required to refrain from the following activities: the abuse of any tobacco products and alcoholic beverages, consumption of non-medicinal narcotics and hallucinogenic drugs, gambling, and the reading of obscene or pornographic material. Members of the Moody community are expected to use discernment in making choices concerning music, drama, dance, comedy, literature, television, and movies. The students should avoid every appearance of dishonesty, deception, lack of integrity, immorality, abusive speech, and impropriety.

Moody reserves the right to require the withdrawal of students whose behavior is in conflict with these standards. Individuals who do not fit in with the objectives and ideals of Moody may be asked to withdraw whenever the general welfare demands it, even though there may be no specific breach of contract. More detailed explanations are provided in the current Moody Bible Institute Distance Learning Student Handbook.
ALUMNI ASSOCIATION

Purpose
The Alumni Association exists to facilitate mutually beneficial relationships based upon common Moody experiences and to serve as a vehicle for a relevant ministry to alumni around the world.

Membership
Former students are considered alumni when they have completed at least 15 hours of college-level work in a degree or certificate program. Some benefits are restricted to graduates of Moody. There is no membership fee for the Alumni Association, though there are various opportunities for alumni to contribute to specific Institute projects and alumni awards.

Alumni Board of Directors
The Alumni Board, made up of ten to fifteen individuals, is a diverse representation of alumni from all programs offered by Moody. They serve as an advisory board to the Alumni Association staff regarding policy matters, communications, and special projects, as well as give insight to the administration based on their own experiences in ministry and relationships with alumni. Members serve a term of three years, with the option of a second three-year term. The missionary representative on the board serves a single three-year term.

Alumni Brick Walkway
The walkway surrounding the Alumni Student Center is a visible tribute to alumni and employees throughout the history of Moody who have influenced the ministry of Moody or benefited from it. The initial phase of the Alumni Walkway campaign funded a significant portion of the construction cost of the Alumni Student Center.

Alumni Communities
Individuals can help build a strong network of Moody alumni by joining a Facebook group for their region. They can share life together, plan events, network for career and ministry, meet alumni from other eras and backgrounds. Visit the Moody Alumni website for more details on how to get connected at moody.edu/alumni.

Alumni Church Map
Locate churches around the world where Moody alumni serve as pastors, teachers, and other ministry leadership positions. For more information, visit the Moody Alumni website at moody.edu/alumni.

Alumni Directories
The Alumni Association produces a printed directory every four to five years. Alumni may also contact the office to update their contact information and locate former classmates at (312) 329-4412 or mbialum@moody.edu at any time.

Alumni Gatherings
Gatherings give alumni the opportunity to fellowship together and to interact with Institute staff. Events are planned by office staff along with the assistance of Alumni Board members and local alumni. Often the events coincide with other Institute functions or music touring groups’ schedules both across the United States and abroad. All alumni and prospective students are welcome and are encouraged to participate in gatherings held in their geographical area.

Alumni Online
In addition to the online directory, the Alumni Association has a growing internet presence. The official website, moody.edu/alumni, features alumni stories, campus news, event information, and more. Alumni have the opportunity to develop a professional network with each other through the LinkedIn group, while the Facebook fan page activities and Twitter updates and links offer alumni more relational opportunities. Links to these groups can be located on the Alumni website.

Alumni Photo Identification
The Alumni Association has established a photo ID policy for those alumni in good standing who frequently visit the campus. This may be obtained through visiting the Alumni Office and must be renewed every four years. This ID will serve as your Solheim Center alumni pass as well.

Alumnus of the Year and Distinguished Service Awards
Each year one alumnus is chosen to receive the Alumnus of the Year award based on a lifetime of exemplary Christian character, service, and loyalty to the Word of God. This recipient is recognized on Alumni Day of Founder’s Week, has their name placed on the Williams Walkway, and is honored with a significant financial award. The Distinguished Service Award can be given to multiple recipients every year to recognize the achievements and service of Moody alumni. In this vein, graduates are selected and honored who have distinguished themselves through faithfulness to Christ, perseverance in service, and contributions to advance the cause of Christ around the world. Both of these recognitions are generated from nominations by alumni, endorsed by others in the ministry, selected by the Alumni Board of Directors, and affirmed by the administration. Nominations can be submitted through the Alumni Association website at moody.edu/alumni.

Faculty Citation Award
A $3,500 grant is awarded annually to an outstanding faculty member based on attitude, writing achievement, public ministry, classroom effectiveness, and involvement with students. The recipient is nominated by their division or the senior class council, chosen by a selection committee, and approved by the Alumni Board. The award is announced on Alumni Day during Founder’s Week.
Faculty Travel Endowment Fund
The Faculty Travel Endowment Fund was created to help professors gain more experience in cross-cultural ministry opportunities. The fund provides the means for professors to serve on ministry trips during spring or summer breaks and sabbaticals.

Founder’s Week
Founder’s Week provides the alumni family with opportunities to reconnect with former classmates and to hear from alumni across the globe through a variety of reunions and events. Alumni Day allows for the opportunity to hear alumni speakers, award special recognitions, host our annual alumni banquet, and hold class reunions. These special days are equivalent to homecoming at other colleges and universities and celebrate our founder, Dwight L. Moody.

Moody Alumni News
The Moody Alumni News magazine is printed three times a year. It highlights campus news and upcoming events and provides alumni updates and photos. It is distributed to all alumni, unless otherwise requested, and is also made available in digital format via the Alumni Association website at moody.edu/alumni.

Student Grants
The Alumni Association awards five grants of $1,000 each year: three are awarded to undergraduate juniors who will be returning as seniors and two to seminary students. The criteria for the awards include Christian character, academic achievement, extracurricular activities, and financial need.

CAREER SERVICES

Purpose
Career Services is a ministry of Moody. Its purpose is to serve the current students and alumni of Moody and the church of Jesus Christ by connecting students and alumni primarily with ministry opportunities and prospective employers in ministry and secondarily in the marketplace. All students enrolled in a certificate or degree program and alumni of Moody may use Career Services, with the only restriction of church pastoral staff positions where a minimum level of training is required. To use the referral service to connect to church pastoral staff positions, a person needs to have graduated from one of Moody’s undergraduate or graduate academic programs.

Website
The website for the Career Development Center is the main portal of entry for those seeking career assistance. Helpful assistance may be arranged depending on the need and location of the student or alumni. The website address is moody.edu/careerdevelopment. There is a great amount of helpful information to assist students and alumni in ministry/job transitions or if they are contemplating a change of employment. Some of the services are career counseling, self-assessment, career research, job-search skills, and job opportunities.

ACADEMIC INFORMATION

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

The Family Educational Rights and Privacy Act of 1974 (FERPA) sets forth requirements which govern the access to and release of educational records, and the right of students to inspect and review their records. FERPA allows institutions to release information from a student’s record without the written consent of the student to school officials who have “legitimate educational interest” and who need access to the information to fulfill their professional responsibility. A school official is a person employed by the Institute in an administrative, supervisory, academic, research, or support staff position, including law enforcement unit personnel and health staff.

In accordance with the regulations of FERPA, Moody has adopted the following policy:

Students have four primary rights under FERPA: (1) the right to inspect and review the student’s education records; (2) the right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA; (3) the right to provide written consent before the Institute discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent; and (4) the right to file a complaint with the U.S. Department of Education concerning alleged failures by the Moody Bible Institute to comply with the requirements of FERPA.

Students who wish to release confidential academic or financial information to a parent, guardian, or other interested individual must complete a FERPA disclosure form which can be obtained from the Office of Academic Records, in addition to being located in the my.moody.edu student portal. All forms must be authorized by the student and returned to the Office of Academic Records. Completed forms will last for the duration of the student’s enrollment at Moody unless the Office of Academic Records is otherwise notified by the student.

A copy of The Family Educational Rights and Privacy Act (FERPA), in addition to questions concerning additional student’s rights, can be obtained from the Office of Academic Records (academicrecords@moody.edu or (312) 329-4469).

CLASSIFICATION AND CREDITS

Credit Hour Definition

Credits at Moody are given in semester hours. A semester credit hour is defined as one 50-minute period and two to three hours of out-of-class student work per week for approximately 15–16 weeks. An equivalent or greater amount of work is required for internships, practice, studio work, and other academic work for which credit hours are awarded. Semester sessions that are less than 15–16 weeks provide a concentrated schedule to achieve the required semester credit hours.
**Academic Semesters**
Moody has three semesters during each academic year whereby students may complete credits toward their academic program through semester course offerings and alternative sessions in which dates may vary. Please see the academic calendars for specific session dates.

- **Fall semester:** August through December
- **Spring semester:** January through May
- **Summer semester:** May through July

**Student Classifications**
Students are classified by the number of credits completed.

**Semester Grade Point Average**

A student’s semester GPA is determined by dividing the total number of grade points earned in a semester by the total number of credits taken toward GPA in that semester within a student’s academic career.

**Cumulative Grade Point Average**

A student’s cumulative GPA is determined by dividing the cumulative number of grade points earned by the cumulative number of credits taken toward GPA within a student’s academic career.
Scholastic Honors
Honors at graduation are based on a student’s cumulative GPA and evidence of Christian character. Honors are not automatically granted to graduates. Honors are granted by the faculty and may be withheld or modified based on the processing of final grades. The following guidelines are used to determine scholastic honors:

**Undergraduate Scholastic Honors**
- Highest Honors: 3.80–4.00
- High Honors: 3.60–3.79
- Honors: 3.30–3.59

**Graduate Scholastic Honors**
- Summa Cum Laude: 3.90–4.00
- Magna Cum Laude: 3.80–3.89
- Cum Laude: 3.70–3.79

Official Grades
Official grades are required to be posted by the faculty member fourteen calendar days after the last day of the course. Students are able to view their official grades on the [my.moody.edu](http://my.moody.edu) student portal. It is the responsibility of all students to check their official grades at the conclusion of each academic session to ensure that their posted grades are correct and accurate.

Academic Transcripts
Past and present students may request a transcript of their Moody academic record through [Parchment Exchange](https://parchment.com), which is an online academic credential exchange platform in partnership with the Office of Academic Records. Transcript requests may not be processed for students who have a hold on their account. The following fees are applied to transcript requests per transcript:

- $10.00 for transcript delivered electronically
- $10.00 for transcript picked up in person
- $15.00 for domestic paper delivery of transcript
- $20.00 for international paper delivery of transcript
- $40.00 for U.S. domestic overnight shipping of transcript
ACADEMIC POLICIES

Students are responsible to fulfill the requirements of their academic program as documented in the catalog for the academic year in which they were admitted, readmitted, or changed their program. However, academic information and policies are subject to change and will be updated in the most current academic catalog. Students are responsible for adhering to the most current academic policies below.

**Academic Credit Policies (Undergraduate)**

Undergraduate academic credit includes credits earned at Moody, transfer credit, and test credit. Institutional credit contributes to the student’s grade point average, while transfer credit and test credit do not contribute to the student’s grade point average. Final approval of academic credits is under the authority of the registrar. Moody Bible Institute Distance Learning does not grant academic credit for non-academic prior experience.

A maximum of 75% of a program may be fulfilled through transfer credit or test credit. The combined total of all test credits cannot exceed 25% of a student’s program requirements.

**Transfer Credit**

Undergraduate courses being considered for transfer credit must meet the following criteria:

- The course must be taken at an institution of higher learning that is regionally accredited, accredited by the Association for Biblical Higher Education (ABHE), accredited by the Transnational Association of Christian Colleges and Schools (TRACS), or accredited by the European Evangelical Accrediting Association. The institution must have been accredited at the time the courses were completed.
- The course must be equivalent in content and credit hours (i.e. 4.5 quarter hours = 3 semester credit hours).
- The student must earn a grade of C or better for the transfer of undergraduate courses completed within the past fifteen years or the student must earn a grade of B or better for the transfer of undergraduate courses completed within the past thirty years. A course graded on a pass/fail basis will not transfer.
- Credits that exceed thirty years from the date of completion are not transferable toward current academic program requirements.
- The course fulfills one of the student’s academic program requirements.
- Official transcripts must be submitted prior to the start of a student’s final semester.
- International transcripts will be required to have a course-by-course evaluation from World Education Services (wes.org or (212) 966-6311), Education Credential Evaluators (ece.org or (414) 289-3400), or any current member of the National Association of Credential Evaluation Services. A list of members may be found at naces.org/members.html.

**Test Credit**

Moody Bible Institute Distance Learning accepts Advanced Placement (AP) Examination, College-Level Examination Program (CLEP), International Baccalaureate (IB), and other test credit recognized and evaluated by the American Council on Education (ACE). Official test scores must be submitted prior to the start of a student’s final semester. For test credit guidelines contact the Office of Academic Records.

**Earned Degree Credit**

Credits used to fulfill the requirements of a degree program will not apply toward the completion of a second, equivalent or lower-level degree at Moody.

**Bachelor of Science in Integrated Ministry Studies**

Undergraduate courses and test credits being considered for transfer to the Bachelor of Science in Integrated Ministry Studies are not subject to the 15- and 30-year transfer credit time limits, provided a grade of C or better was earned. This program is also exempt from the 75% transfer credit limit and the 25% test credit limit. All other academic credit policies still apply.

**Statute of Limitations**

Undergraduate academic credits that exceed thirty years from the date of admission are not applicable to current academic program requirements. The Bachelor of Science in Integrated Ministry Studies is not subject to this Statute of Limitations policy.

**Transferability of Credit Earned at Moody**

The transferability of credits earned at Moody is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any academic program at Moody will be accepted by the receiving institution. Similarly, the ability of a certificate or degree earned at Moody to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee certificates, degrees, or credits earned at Moody will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and acceptability of certificates or degrees earned.
**Academic Credit Policies (Graduate)**

Academic credit includes credits earned at Moody, transfer credit, advanced standing credit, and validation examination credit. Institutional credit contributes to the student’s grade point average, while transfer credit, advanced standing credit, and validation examination credit do not contribute to the student’s grade point average. Students admitted without a bachelor degree will not be eligible to receive transfer credit and advanced standing credit toward their program. Final approval of academic credits is under the authority of the registrar. Moody Bible Institute Distance Learning does not grant academic credit for non-academic prior experience. A maximum of 50% of a program may be fulfilled through transfer credit, advanced standing credit, and validation examination credit.

**Transfer Credit**

Graduate courses being considered for transfer credit must meet the following criteria:

- The course must be taken at a regionally or Association of Theological Schools (ATS) accredited institution. The institution must have been accredited at the time the courses were completed.
- The course must be equivalent in content and credit hours (i.e. 4.5 quarter hours = 3 semester credit hours).
- The student must earn a grade of B- or better. A course graded on a pass/fail basis will not transfer.
- Credits that exceed ten years from the date of completion are not transferable toward current program requirements.
- The combined total of all transfer credits cannot exceed 50% of a student’s program requirements.
- The course fulfills one of the student’s academic program requirements.
- Records must be submitted on official transcripts within the first semester of enrollment.
- Students submitting international transcripts will be required to have a course-by-course evaluation from World Education Services (wes.org or (212) 966-6311), Education Credential Evaluators (ece.org or (414) 289-3400), or any current member of the National Association of Credential Evaluation Services. A list of members may be found at naces.org/members.html.

Once admitted to an academic program, a student must take all courses at Moody Bible Institute Distance Learning.

**Advanced Standing Credit**

Advanced standing credit is based on a student’s undergraduate coursework and reduces the total number of credits needed to complete a program. Up to 25% of an academic program can be fulfilled with advanced standing. Advanced standing credit and validation examination credit combined cannot exceed 25% of a program (see Academic Credit Limits). In order to receive advanced standing credit, the following criteria must be met:

- The course must be taken at a regionally or Association for Biblical Higher Education (ABHE) accredited institution.
- The course must be upper-level (300–400 level).
- The course must be equivalent in content.
- The student must earn a grade of B- or better. A course graded on a pass/fail basis will not transfer.
- Credits that exceed ten years from the date of completion are not eligible for advanced standing.
- Records must be submitted on official transcripts within the first semester of enrollment.

**Validation Examination Credit**

Moody Bible Institute Distance Learning offers validation examinations to students with extensive personal study or other nontransferable learning who desire to earn graduate credit. Up to 25% of an academic program can be fulfilled with validation examination credit. Advanced standing credit and validation examination credit combined cannot exceed 25% of a program (see Academic Credit Limits). A fee is charged for each examination. For validation examination information, please contact Moody Bible Institute Distance Learning. Students must complete validation examinations within their first two semesters (fall and spring).

**Academic Credit Limits**

The maximum of transfer, advanced standing, and validation examination credit allowed in each academic program are as follows:

<table>

*Transfer credit, advanced standing credit, and validation examination credit combined cannot exceed 50% of a program.

**Earned Degree Credit**

Credits used to fulfill the requirements of a degree program will not apply toward the completion of a second, equivalent or lower-level degree at Moody.

**Statute of Limitations**

Graduate academic credits that exceed ten years from the date of admission are not applicable to current academic program requirements.

**Transferability of Credit Earned at Moody**

The transferability of credits earned at Moody is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any academic program at Moody will be accepted by the receiving institution. Similarly, the ability of a certificate or degree earned at Moody to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee certificates, degrees, or credits.
earned at Moody will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and acceptability of certificates or degrees earned.

**Academic Integrity and Penalties for Academic Misconduct**

Academic integrity requires students to be responsible and honest in the fulfillment of all of their academic work. Assignments, examinations, and other educational requirements are intended to foster student learning. Students are expected to submit original work, to use appropriate citations, giving credit to the ideas or words of another person, and to refrain from cheating of any kind.

**Cheating**

Cheating is any act (whether successful or attempted) in which a student is dishonest or seeks to gain an unfair advantage on an assignment, quiz, paper, examination, class, etc. Some common forms of cheating include, but are not necessarily limited to:

- Using unauthorized material during an examination or other assignments
- Submitting the same assignment in more than one class
- Lying to an instructor in order to obtain an excused absence, extension on an assignment, make-up examination, admission to a class or program, etc.
- Inappropriate collaboration on classroom assignments
- Assisting others in academic misconduct

**Plagiarism**

Plagiarism is taking the ideas or words of another person and presenting them as one’s own whether intentional or unintentional. Intentional plagiarism is unethical and constitutes a serious infraction of academic policy. When the words or ideas of others are used, proper credit must be given, either in a footnote or in the text.

**Penalties for Academic Misconduct**

*First Offense:* automatic failure of any and all assignments, quizzes, examinations, or class requirements in which academic misconduct occurred. The instructor of the course will notify the Academic Standards Committee via the registrar with an explanation of the situation. Discretion is given to the Academic Standards Committee and the Academic Dean to impose more strenuous penalties. The violation will remain on record and information concerning the incident will be communicated to all instructors.

*Second Offense:* automatic failure of any and all assignments, quizzes, examinations, or class requirements in which academic misconduct occurred. The instructor of the course will notify the Academic Standards Committee via the registrar. Discretion is given to the Academic Standards Committee and the Academic Dean to determine an appropriate penalty with a minimum penalty of failure of a course and a maximum penalty of suspension or dismissal. A record of the violation goes into the student’s file. The Academic Dean will notify faculty of the results of this process.

**Academic Probation and Dismissal**

Students admitted to Moody are assumed to have the preparation, desire, and ability to make satisfactory progress toward the completion of their academic program. Therefore, Moody has established Satisfactory Academic Progress standards that students are required to meet in order to receive financial aid and remain in good academic standing. SAP is evaluated on a payment period basis (generally this will be at the end of fall, spring, and summer semesters) after grades are posted. The SAP standards are outlined below.

**Quantitative Measure (Pace of Progress)**

Students must successfully complete at least two-thirds of all credits attempted to remain in good academic standing and retain eligibility for financial aid, which include pass/fail, repeated, and incomplete courses as well as courses dropped after the last day to drop a course without penalty (i.e., W, WP, or WF grades).

**Qualitative Measure (Cumulative GPA)**

Students are required to meet SAP standards in order to remain in good academic standing and retain eligibility for financial aid. The qualitative measurement requires a certain cumulative GPA based on the number of credits earned according to the chart below.

</tbody>
</table>
Maximum Time Frame
The maximum time frame for receipt of financial aid must be no longer than 150% of the published length of an academic program. At Moody, many Bachelor of Science degrees require students to earn 120 credits; therefore, students enrolled in a 120 credit Bachelor degree are allowed up to 180 attempted credits (including all transfer credits accepted toward completion of a student's program) to be considered for financial aid. The maximum time limits include all credits attempted regardless of whether or not financial aid was received.

Probationary Semesters
If students are not meeting SAP at the end of a semester, they will be placed on academic probation for one semester. While on academic probation, students must maintain continual enrollment for each fall and spring semester of probation. Failure to maintain continual enrollment or to make academic progress while on probation will result in immediate dismissal. Students not meeting SAP by the end of the probationary semester will be reviewed by the Academic Standards Committee. The committee will choose one of the following:

- Permit the student to continue for a final semester of probation, which is subject to dismissal.
- Have the student agree to an Academic Plan for Improvement prepared by the Office of Academic Records for additional semesters of probation.
- Academically dismiss the student (see Academic Dismissal).
- If the committee determines that a student can meet SAP standards by the end of one semester, then the student may return for a final semester of probation. If the committee determines that the student needs additional semesters to meet SAP standards, then the student must agree to an Academic Plan for Improvement.

Academic Plan for Improvement
If the Academic Standards Committee determines that more than one semester is needed to meet SAP standards, then agreeing to an Academic Plan for Improvement is required. The student will be presented with an academic plan for meeting the minimum standards of SAP prepared by the Office of Academic Records. The academic plan is a contract that outlines a strategy that presents the student's goal to "get back on track" and meet the standards of SAP while completing degree requirements. The plan will have strict conditions that the student must follow in order to retain eligibility for financial aid. Following the Academic Plan for Improvement provides additional semesters for the student to receive financial aid, provided the student is meeting all of the conditions of the plan. Students with an approved academic plan who do not fulfill the requirements of the plan will be academically dismissed.

Academic Dismissal
Academically dismissed students are no longer active students, will not be permitted to enroll in courses in any venue, and will not have access to their student account. Students are academically dismissed from Moody when they are no longer meeting the above SAP standards and the Academic Standards Committee determines that academic improvement cannot be made with additional semesters of probation. Students who voluntarily discontinue or are not enrolled in courses will be academically dismissed if they are not meeting the above SAP standards. Students may appeal their academic dismissal status to the committee within thirty days. The committee will review the requested appeal and the final decision will be communicated to the student.

Academic Program Time Limits
Active students are required to meet all academic requirements within their academic program time limit as listed below:

<table>
<thead>
<tr>
<th>Program</th>
<th>Maximum Years to Complete Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate Certificate</td>
<td>5 years</td>
</tr>
<tr>
<td>Associate in Biblical Studies degree</td>
<td>7 years</td>
</tr>
<tr>
<td>Bachelor of Science degree</td>
<td>10 years</td>
</tr>
<tr>
<td>Master of Arts degree</td>
<td>5 years</td>
</tr>
</tbody>
</table>

Students who need additional time to complete their certificate or degree program must submit the Program Extension Appeal prior to the final semester of their program time limit. Failure to do so will result in program dismissal. If dismissed, students will have the option to reapply to current academic programs. Not all previous credits may apply.

Change of Program
Undergraduate students may request a change of program or concentration using the form available from the Office of Academic Records. If approved, a student’s program requirements will change to the requirements documented in the most current academic catalog, and not all credits may apply. Program changes will be effective for the semester in which the change was approved.

Students requesting a change to Moody Aviation in Spokane must use the Spokane change of program form. Students enrolled at Moody Bible Institute Distance Learning who are requesting a change to the Chicago campus must apply through the Office of Admissions. Non-degree students must apply through the Office of Admissions to be admitted into a certificate or degree program (see Admissions).

Graduate students requesting a change to Moody Theological Seminary and Graduate School must apply through the Office of Admissions (see Admissions).

Course Attendance
Course attendance is essential to academic achievement and the successful completion of a course. Faculty members have the prerogative to establish their own attendance and participation policies in regard to academic requirements.
Course Audits (Extension Sites only)
Auditing a course allows a student to take a course without earning a grade or credit for the course. Audits are permitted only for courses offered at Moody Bible Institute Distance Learning’s extension sites. Courses required for the student’s academic program cannot be audited, nor can an audited course be repeated for credit. Students must adhere to the course’s attendance policies, but are not required to complete course assignments unless requested by the faculty member. Audited courses are charged 50% of the current tuition rate per credit. Financial aid will not apply toward audited courses. Students may request to audit a course using the audit form available from the Office of Academic Records. Course audits must receive instructor approval and be submitted to the Office of Academic Records by the end of the first week of the semester. Students are not eligible to audit online, online self-paced, or independent study courses.

Course Cancellations
Moody reserves the right to cancel a course due to lack of enrollment or extenuating circumstances. In the event that a course cancelation inhibits students from meeting their expected graduation date, Moody will provide an alternative to fulfill the course requirement. This may include a course substitution or the option to enroll in a directed study course. If the canceled course is an elective, the student will be presented with other elective options.

Course Drops
Grades will be assigned based on the date a course is dropped, according to the schedule below from the first date of the session, which may be earlier than the first meeting day of the course (dates are subject to change). Specific dates for the course drop schedule may be found on the my.moody.edu student portal. Students may drop a course through their my.moody.edu student portal from the beginning of the session up to its halfway point. After the halfway point of the session, students must contact the Office of Academic Records for approval to drop a course. Courses dropped after the halfway point of the session will be assigned a withdrawal failing grade (WF), which will negatively affect GPA. Students dropping courses may be permitted refunds according to the refund policies (see Financial Information).

Course Exceptions
Any exception to the curriculum as stated in the academic catalog must be approved by the appropriate faculty member using the course exception form. Course exceptions are subject to the review and approval of the registrar.

Course Extensions
Students unable to complete the requirements of a course by its end date, due to extenuating circumstances beyond the student’s control, may request a course extension from their instructor. The reason for the extension needs to be valid and documented. Extension forms may be obtained from the Office of Academic Records and must be submitted two weeks prior to the end of the course. If an extension request is approved, the student will receive additional time according to the table below. All coursework must be completed by the end of the extension. Students who have received approved extensions are no longer permitted to drop the course. Students who do not complete and submit all final coursework to their instructor by the end of the extension will receive an official grade based on the coursework submitted. This may result in failure of the course.

Course Repeats
Students may repeat a course in which they have previously received a failed grade (F), withdrawal failing grade (WF), or unofficial withdrawal grade (FN) as many times as needed to successfully pass the course. The previously attempted course will remain on the transcript with the respective replacement grade (i.e., X, WX, or XN), which will not affect a student’s GPA. Undergraduate students may repeat a course one time in which they have previously earned a D+ or lower, and graduate students may repeat a course one time in which they have previously earned a C+ or lower. Additional course repeats or repeats of higher earned grades must receive approval from the Office of Academic Records prior to enrollment.

When a course is repeated, the most current grade will be used to calculate the current and cumulative GPA. Each course attempt will remain on a student’s transcript. Repeated courses will be considered attempted credits and be included in a student’s SAP calculation (see Academic Probation and Dismissal). Students will be charged the current tuition rate for each credit repeated (see Financial Information).
Directed Study
A directed study course is an option available to students who, due to extenuating circumstances, are not able to meet program or graduation requirements within the regularly scheduled courses. Directed studies may only be used to meet requirements for a student's designated degree program. Students must request a directed study using the form available from the Office of Academic Records. Approved directed study forms must be submitted three weeks prior to the beginning of the 8-week session being requested. Directed study requests will not be granted after the beginning of the session in which they are requested. All coursework must be submitted within the 8-week session assigned to the course.

Discontinuation
Students who fail to maintain continual enrollment for two consecutive fall and spring semesters will result in discontinuation (see Non-Enrollment). Discontinued students are no longer active students, will not be permitted to enroll in courses in any venue, and will not have access to their student account. Non-enrollment after a specified period of time will result in discontinuation (see Non-enrollment). Students not on probation may also voluntarily discontinue their studies at Moody by submitting the Discontinuation form to the Office of Academic Records. Students who desire to return to Moody must apply for readmission through the Office of Admissions.

Grade Appeals
Students may appeal a grade if they believe that a grade has been miscalculated or graded unfairly. Appeals must be made within four months from the date a grade is issued. Students must contact the faculty member and attempt to resolve the issue. In the event the issue is not resolved, students must follow the Grade Appeal process outlined in the Student Handbook. After four months, the grade will be considered final and may no longer be appealed.

- Will not graduate or be eligible to participate in the commencement ceremony
- Must notify the Office of Academic Records of their new graduation date and plan to complete their remaining requirements
- Must reapply for graduation and repay the graduation fee in the semester they complete all graduation requirements

Failure to follow this process will result in program discontinuation.

Commencement Eligibility (Graduate)

Students are permitted to participate if they are enrolled in their remaining courses (up to 6 credits) in the summer semester. These courses must end by the last day of the summer semester. If at any point a student is no longer on track to meet the Graduation Requirements, commencement eligibility will be revoked.

For additional information and instructions regarding Graduation and Commencement, contact the Office of Academic Records.

Non-Enrollment
Students are permitted to retain active status in a program for two consecutive fall and spring semesters of non-enrollment. Non-enrollment at the beginning of the third fall or spring semester will result in discontinuation. Once discontinued, students will be required to apply for readmission through the Office of Admissions.

Program Completion

Undergraduate Students
Program completion allows students who have been discontinued to complete their previous degree requirements, provided the program is still offered at Moody. In order to be eligible for program completion, students must apply for readmission within 2 years of discontinuation and have 12 or fewer credits remaining. Program completion students must complete all remaining requirements within one year of readmission. Failure to do so will result in discontinuation and ineligibility for program completion.

Students who have more than 12 credits remaining are not eligible for program completion and must apply for readmission to complete the academic requirements as documented in the current catalog.

Graduate Students
Program completion allows students who have been discontinued to complete their previous degree requirements, provided the program is still offered at Moody. In order to be eligible for program completion, students must apply for readmission within 2 years of discontinuation and have 9 or fewer credits remaining. Program completion students must complete all remaining requirements within one year of readmission. Failure to do so will result in discontinuation and ineligibility for program completion.

Students who have more than 9 credits remaining are not eligible for program completion and must apply for readmission to complete the academic requirements as documented in the current catalog.

Term Withdrawal
Students who withdraw from all courses during a session for any reason are considered term withdrawals. These students should complete the term withdrawal process through the Office of Academic Records.

Unofficial Term Withdrawal
Failure to officially withdraw may result in the student receiving unofficial withdrawal grades (FN). Students are issued an unofficial withdrawal grade (FN), indicating unofficial withdrawal from a course, when they cease to attend or participate in academically related activity. The unofficial withdrawal grade (FN) negatively affects GPA. When a student receives unofficial withdrawal grades (FN) in all courses for a session, it results in unofficial term withdrawal and the return of Federal Title IV aid (see Financial Aid).
United States Active Duty/Military Deployment Policy

Students who are deployed or called into active military duty in the United States while enrolled in courses at Moody should notify the Office of Academic Records.

- Students who cannot complete their coursework for a particular semester or session will receive a full financial refund for tuition and fees.
- Students will be withdrawn from all courses from that applicable semester or session and will receive a grade of W or WF based on the timing of the withdrawal. WF grades can be appealed based on academic performance by contacting the Registrar.
- Students who wish to and are able to complete required coursework for the semester or session deployed will be given reasonable accommodations from the course instructor(s) to complete that coursework.
- Students who are deployed or called into active duty will retain their current curriculum status for up to five years. Notification of intention to re-enroll in the following semester or session following deactivation should be submitted to the Office of Academic Records within 90 days of deactivation or discharge. Students will not be required to re-apply through the Admissions Office.

Distinctive Areas of Interest
Unlike other ministry leadership degrees, Moody Bible Institute Distance Learning’s Ministry Leadership degree utilizes a unique blocked curriculum designed to foster student success. The program is also built on a biblical foundation so that students receive a strong education in both biblical studies and leadership. The use of a cross program portfolio project allows students to develop a strong sense of personal identity, as well as a body of work to support student vocational goals.

The program differs from Moody Bible Institute Distance Learning’s other bachelor programs by providing a focused concentration in specialized areas of ministry.

Potential Careers & Educational Paths
After completing the program, students will be prepared to serve as leaders, staff persons, or volunteers. Graduates will possess the skills to think biblically about the issues facing a particular Christian ministry and to bring value to a ministry team. Graduates would also be prepared to pursue academically oriented Master of Arts and Master of Divinity degrees.

Requirements
A total of 120 credits must be completed to receive the Bachelor of Science in Ministry Leadership degree. This program is offered through Moody Bible Institute Distance Learning and is effective for students admitted in fall 2019 through summer 2020.

This curriculum will remain in effect for students who remain active and do not change programs. CERTIFICATE IN BIBLICAL STUDIES

The Certificate in Biblical Studies program is designed to train students to interpret and teach the Bible confidently. Students will be introduced to the fundamental message of the biblical books as well as the methods needed for studying and teaching them.

Student Learning Outcomes
• Demonstrate a fundamental knowledge of important biblical and theological concepts and the development of the redemptive storyline.
• Employ the grammatical-historical method of biblical interpretation within a dispensational theological system.
• Communicate the message of the Scriptures to identified audiences.

Distinctive Areas of Interest
The program offers a specialized, focused treatment of the Old and New Testaments with an emphasis in biblical interpretation.

Potential Careers & Educational Paths
The program would be useful to lay ministers interested in developing new interpretive skills to help them minister more effectively. The geographical and ancient Near Eastern elements of the program also make the program valuable to those interested in visiting Israel.

The program is not intended as preparation for vocational ministry, but as a supplemental program for those who wish to gain a greater depth of understanding of the Scriptures. All courses in the certificate program may be applicable to a Moody Bible Institute Distance Learning’s Associate or Baccalaureate credential.

Requirements
A total of 26 credits must be completed to receive the Certificate in Biblical Studies. This program is offered through Moody Bible Institute Distance Learning and is effective for students admitted in fall 2019 through summer 2020.

This curriculum will remain in effect for students who remain active and do not change programs. Students who fail to complete this program within five years will be discontinued and required to apply through the Office of Admissions into the current academic catalog’s requirements.

*Must be completed first semester (available fall and spring). Refer to the Academic Discipline Courses list for elective options.*
The Bachelor of Science in Biblical Studies degree is designed to train students to interpret the Bible accurately and to communicate scriptural truths effectively. Informed by research methodologies appropriate to the study of Scripture, students will integrate historical, geographical, and cultural insights into the process of biblical interpretation and apply the Scriptures to any social context and ministry situation.

Student Learning Outcomes
- Employ the grammatical-historical method of biblical interpretation within a dispensational theological system.
- Integrate historical, cultural, and geographical data from the biblical world into the interpretative task.
- Apply Scripture to the lives of contemporary Christians.
- Communicate the message of the Scriptures to identified audiences.

Distinctive Areas of Interest
Unlike other biblical studies degrees, Moody Bible Institute Distance Learning’s Biblical Studies degree utilizes a unique blocked curriculum designed to foster student success. The program also differs from other biblical studies programs in its educational philosophy which moves from biblical interpretation to biblical integration. The use of a cross program portfolio project allows students to develop a strong sense of personal identity, as well as a body of work to support student vocational goals.

The program differs from Moody Bible Institute Distance Learning’s other bachelor programs through its emphasis on the Scriptures. Students entering the degree will take at least 18 credit hours of additional coursework in Bible including courses related to the communication and application of the Scriptures. Students completing the degree would be well equipped to interpret and apply the Scriptures as a member of a ministry team.

Potential Careers & Educational Paths
After completing the program, students will be prepared to teach Scripture in vocational or lay ministry. Graduates will possess the skills to think biblically about the issues facing a particular Christian ministry and to bring value to a ministry team. Graduates would also be prepared to pursue academically oriented Master of Arts and Master of Divinity degrees.

Requirements
A total of 121 credits must be completed to receive the Bachelor of Science in Biblical Studies degree. This program is offered through Moody Bible Institute Distance Learning and is effective for students admitted in fall 2019 through summer 2020.

This curriculum will remain in effect for students who remain active and do not change programs. Students who fail to complete this program within 10 years will be discontinued and required to apply through the Office of Admissions into the current academic catalog’s requirements. The academic requirements are divided into core requirements and academic disciplines of general studies requirements. BACHELOR OF SCIENCE IN THEOLOGICAL STUDIES

The Bachelor of Science in Theological Studies program equips students to critically evaluate theological positions and develop a dispensational theological framework for ministry settings. The program has two concentrations: Christian Thought and Spiritual Formation. The Christian Thought concentration trains students to think critically about theology and to explain theology to others. The Spiritual Formation concentration equips students to integrate theology and spiritual formation into their life, and trains students to foster spiritual formation in others.

Student Learning Outcomes

- Critically analyze various perspectives on biblical doctrines.
- Explain the principles of dispensational theology.

Concentration Specific Student Learning Outcomes

- Engage in theological/philosophical discourse (Christian Thought).
- Relate theology to a variety of audiences (Christian Thought).
- Articulate the integration of theology and spiritual disciplines (Spiritual Formation).
- Create projects for ongoing spiritual formation (Spiritual Formation).

Distinctive Areas of Interest

Unlike other theological studies degrees, Moody Bible Institute Distance Learning’s Theological Studies program seeks to cultivate skills that will allow students to have a unique, immediate impact on the local church. The program also utilizes a unique blocked curriculum designed to foster student success. The use of a cross program portfolio project allows students to develop a strong sense of personal identity, as well as a body of work to support student vocational goals.

The program differs from Moody Bible Institute Distance Learning’s other bachelor programs through its emphasis on theology. Students entering the program will take a substantial amount of theological coursework that is rooted in Scripture. Students will be challenged to use Scripture in the development of theology across the curriculum ensuring that the Bible is the final authority for all theological and doctrinal thinking. Students completing the degree would be well equipped to interpret and apply the Scriptures, as well as constructing theology, as a member of a ministry team.

Potential Careers & Educational Paths

After completing the program with a concentration in Christian Thought, graduates are well prepared to work in an associate pastor role with the local church, or in para-church ministries. This concentration would be particularly well suited for those planning to pursue graduate degrees in Bible, Theology, or Ministry. After completing the program with a concentration in Spiritual Formation, graduates would be prepared to work in the local church as small group pastors, men’s or women’s ministry pastors, or in other associate pastor roles. Graduates of either concentration would also be prepared to pursue academically-oriented Master of Arts and Master of Divinity degrees.

Requirements

A total of 120 credits must be completed to receive the Bachelor of Science in Theological Studies degree. This program is offered through Moody Bible Institute Distance Learning and is effective for students admitted in fall 2019 through summer 2020.

This curriculum will remain in effect for students who remain active and do not change programs. Students who fail to complete this program within 10 years will be discontinued and required to apply through the Office of Admissions into the current academic catalog’s requirements. The academic requirements are divided into core requirements and academic disciplines of general studies requirements. See Academic Discipline Course List for a list of approved courses in each academic discipline.

Bachelor of Science in Theological Studies Concentrations

Christian Thought

The Christian Thought concentration includes six unique courses covering topics in theology, philosophy, and apologetics. The concentration is intended to give students the skills to engage in academic discourse, as well as assisting the church to live according to the Scriptures. The Christian Thought concentration provides students with strong academic skills that will allow them to engage in academic discourse, as well as utilizing their academic skills in the context of the church.

The Bachelor of Science in Theological and Cultural Engagement program equips students to engage in ministry that is relevant to today’s global environment, through courses in theological studies, cultural and global studies, and economic and political theory. This program will also equip students with skills to engage culture and effect change in culture. Students will be able to integrate theology and cultural studies in order to address challenges of the world within a ministry setting.

**Student Learning Outcomes**
- Apply cross-cultural communication skills within a global context.
- Develop an integration of theology and cultural studies project for effecting change in culture.
- Develop contemporary ministry ventures.
- Apply theological concepts to globalized ideas and systems.

**Distinctive Areas of Interest**
The combination of theology and cultural studies infused with an entrepreneurial, forward-thinking spirit makes the program unique within the context of Christian higher education. The program recognizes the challenges facing believers as they interact within an increasingly global, multicultural environment and seeks to provide the resources for approaching cultural challenges from a theological perspective that is both theoretical and practical.

In addition, the program recognizes that religious systems are not the only systems with a theological base. Economic and political realities are rooted in an understanding of God and creation. Such realities often hinder human capacity to see new possibilities.

**Potential Careers & Educational Paths**
Because of its broad coverage of areas impacting institutions of all sorts, as well as the inclusion of biblical and theological coursework, those graduating from the program would be well prepared to adapt to almost any setting.

Within the church, graduates would be well prepared for roles such as associate, non-preaching pastoral roles. Graduates would be well prepared to work with parachurch organizations, Christian think-tanks, and entrepreneurial ventures. Though the program is not limited to international studies, students would be uniquely prepared for service with international agencies due to the cultural studies aspects of the program.

Graduates would also be prepared to pursue academically oriented Master of Arts and Master of Divinity degrees.

**Requirements**
A total of 121 credits must be completed to receive the Bachelor of Science in Theology and Cultural Engagement degree. This program is offered through Moody Bible Institute Distance Learning and is effective for students admitted in fall 2019 through summer 2020.

This curriculum will remain in effect for students who remain active and do not change programs.
