The course sequence for the maintenance specialist emphasis during the fourth and fifth years will vary based on the scheduling of available projects. Students should consult directly with the Aviation Department before scheduling classes.

** FE 4400, Ministry Internship, may be accomplished any time after the completion of sixty (60) course credit hours during an appropriate break which must be of sufficient length to accomplish the 8 week internship. In the normal program flow, a break exists during the summer between A&P training or after the completion of the maintenance specialist technical curriculum in the summer of the final year of training.

± These classes are only offered in the semester they are placed
