

## Estimated Cost of the Program by Year

The following costs include MBI tuition and fees associated with the courses scheduled for each year of the program.

Students choose to specialize in either a flight or maintenance emphasis during Year 3 of the program. This emphasis will guide the courses taken in the final years of the program.

<b>1</b>	<b>YEAR 1</b>	Biblical Studies and General Education Courses		<b>\$17,707</b>
<b>2</b>	<b>YEAR 2</b>	(AMT) Aviation Maintenance Technician Courses		<b>\$27,070</b>
<b>3</b>	<b>YEAR 3</b>	Completion of AMT and Intro to Private Pilot		Flight <b>\$28,809</b>
		Completion of AMT and Flight Introduction		Maintenance <b>\$22,067</b>
<b>4</b>	<b>YEAR 4</b>	Private Pilot, Tailwheel, High Performance, and Internship		Flight <b>\$49,300</b>
		Airframe Rebuild, Inspections, and Engine Overhaul		Maintenance <b>\$20,881</b>
<b>5</b>	<b>YEAR 5</b>	Instrument, Cross-Country, Complex, Commercial		Flight <b>\$33,265</b>
		Avionics, Turbine Maintenance, and Focused Electives		Maintenance <b>\$19,099</b>

Flight charges are based on the minimum hours listed in the catalog for each required course. Adequate health insurance is required and cost of living is not included. All costs are estimates and subject to change without notice.
